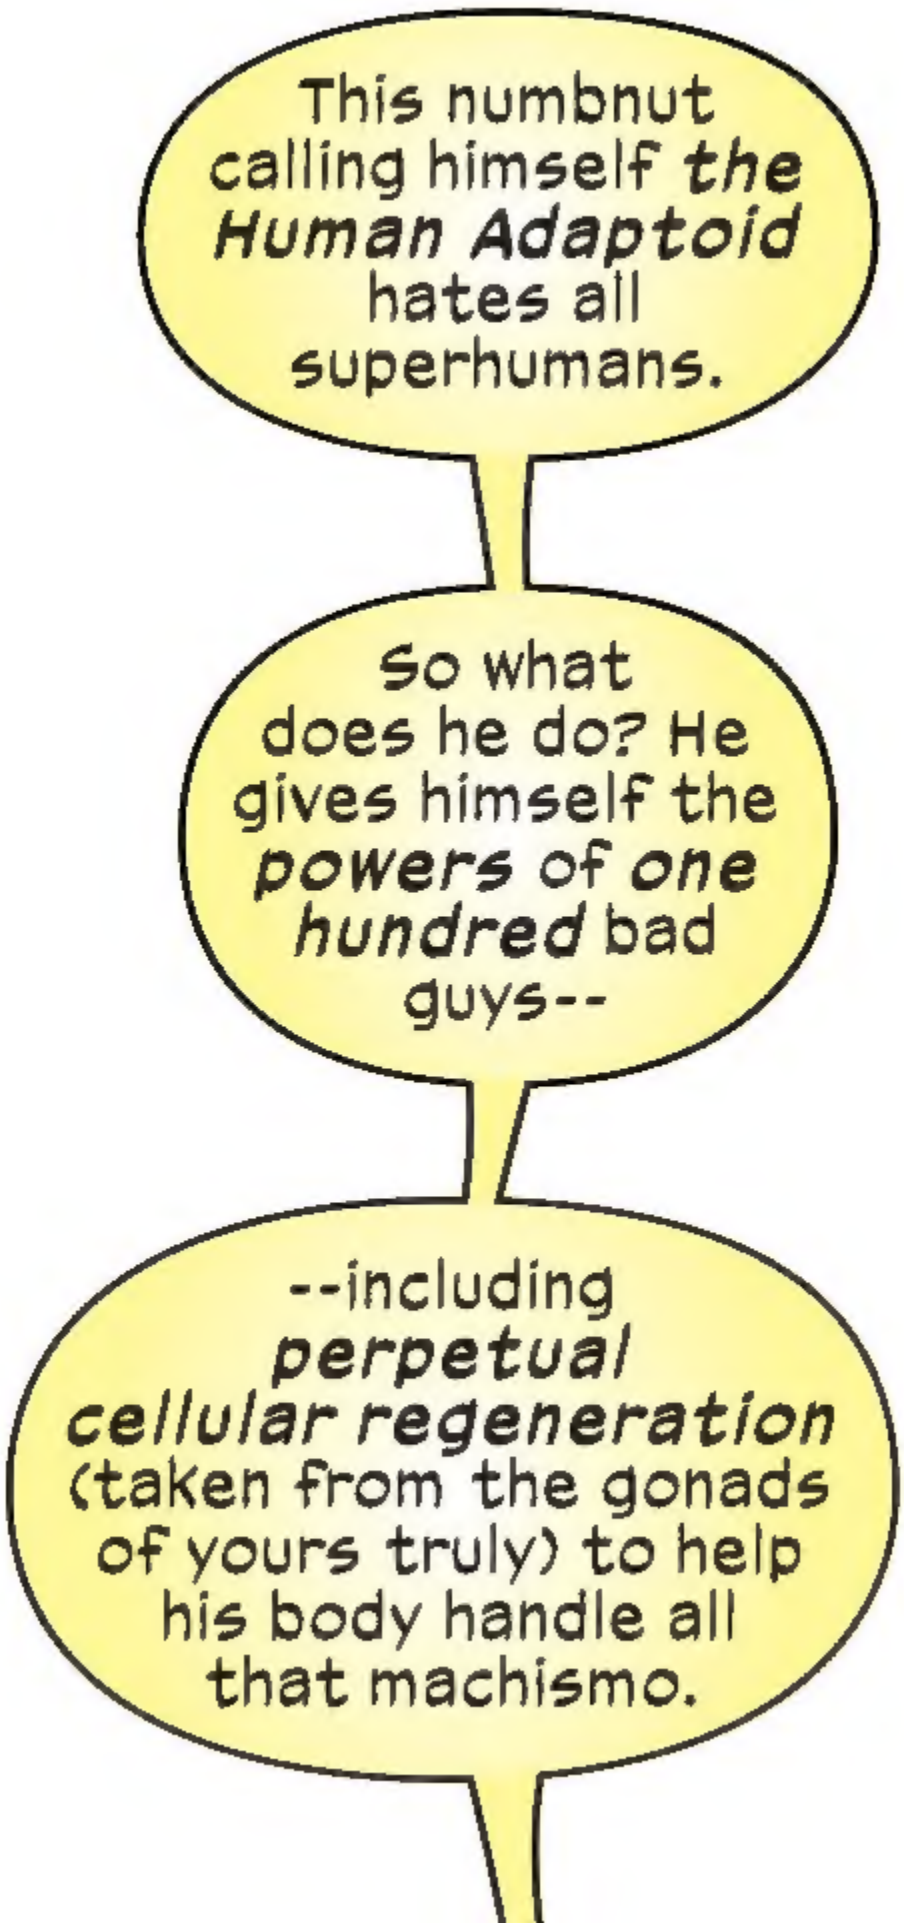
DEADPOOL

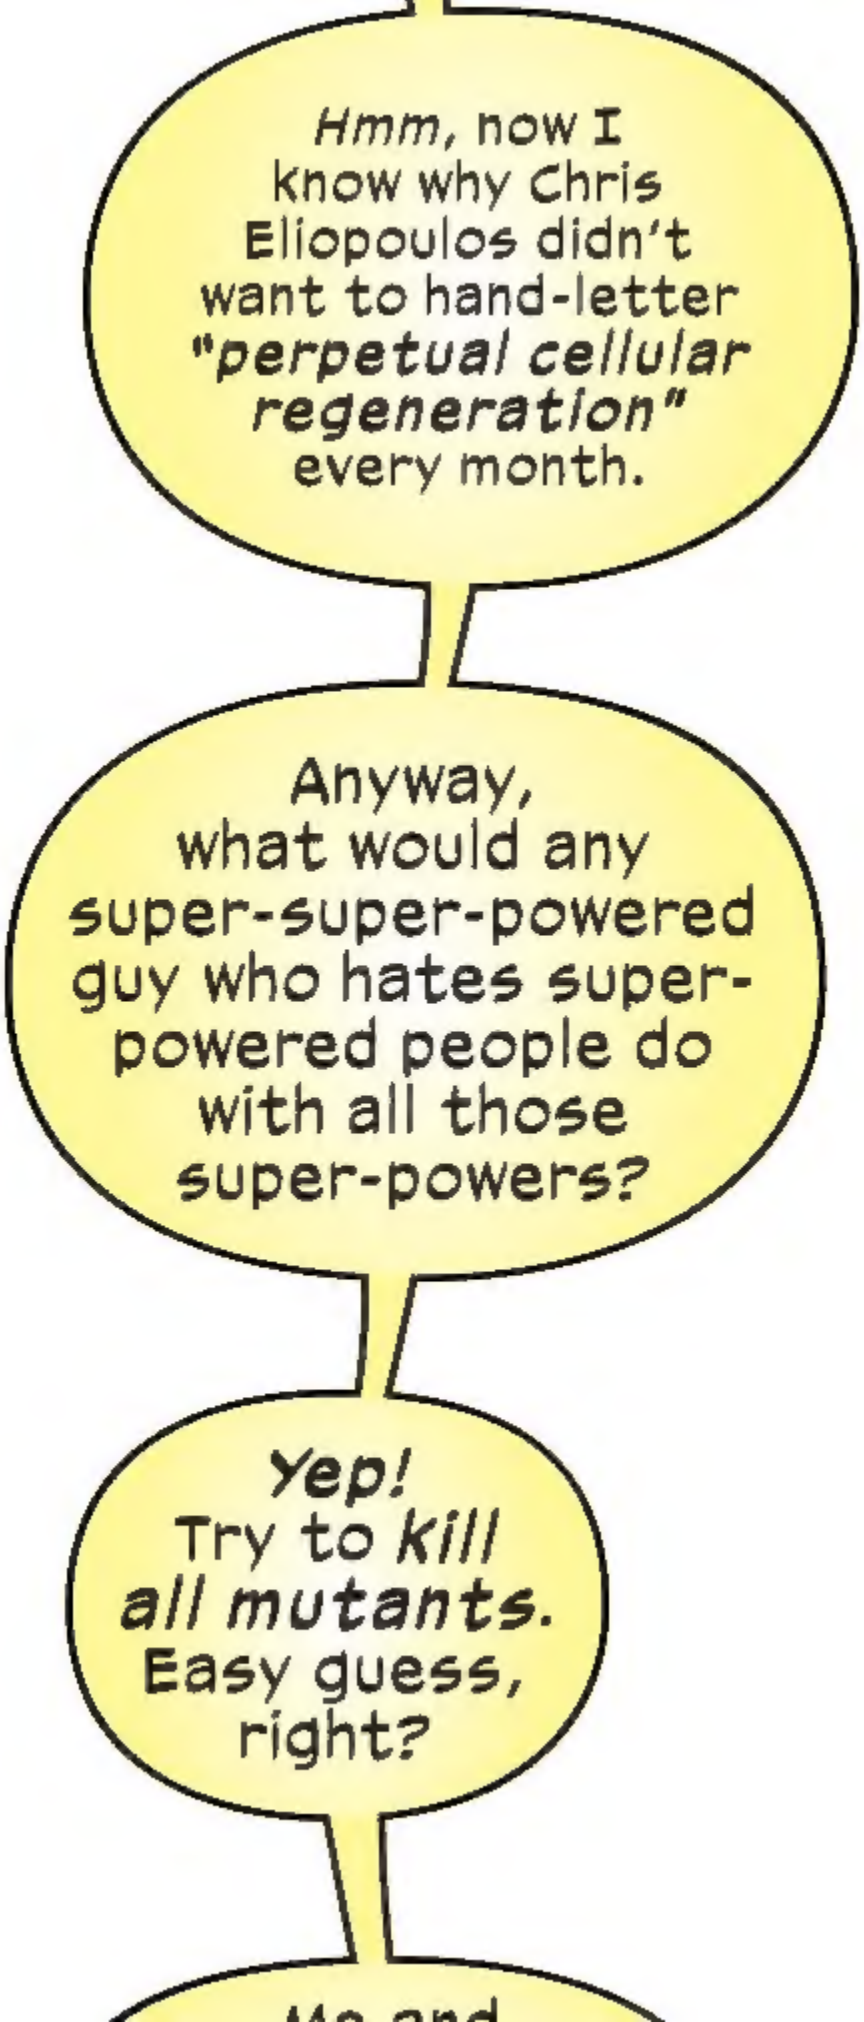
JUGGERNAUT

IN

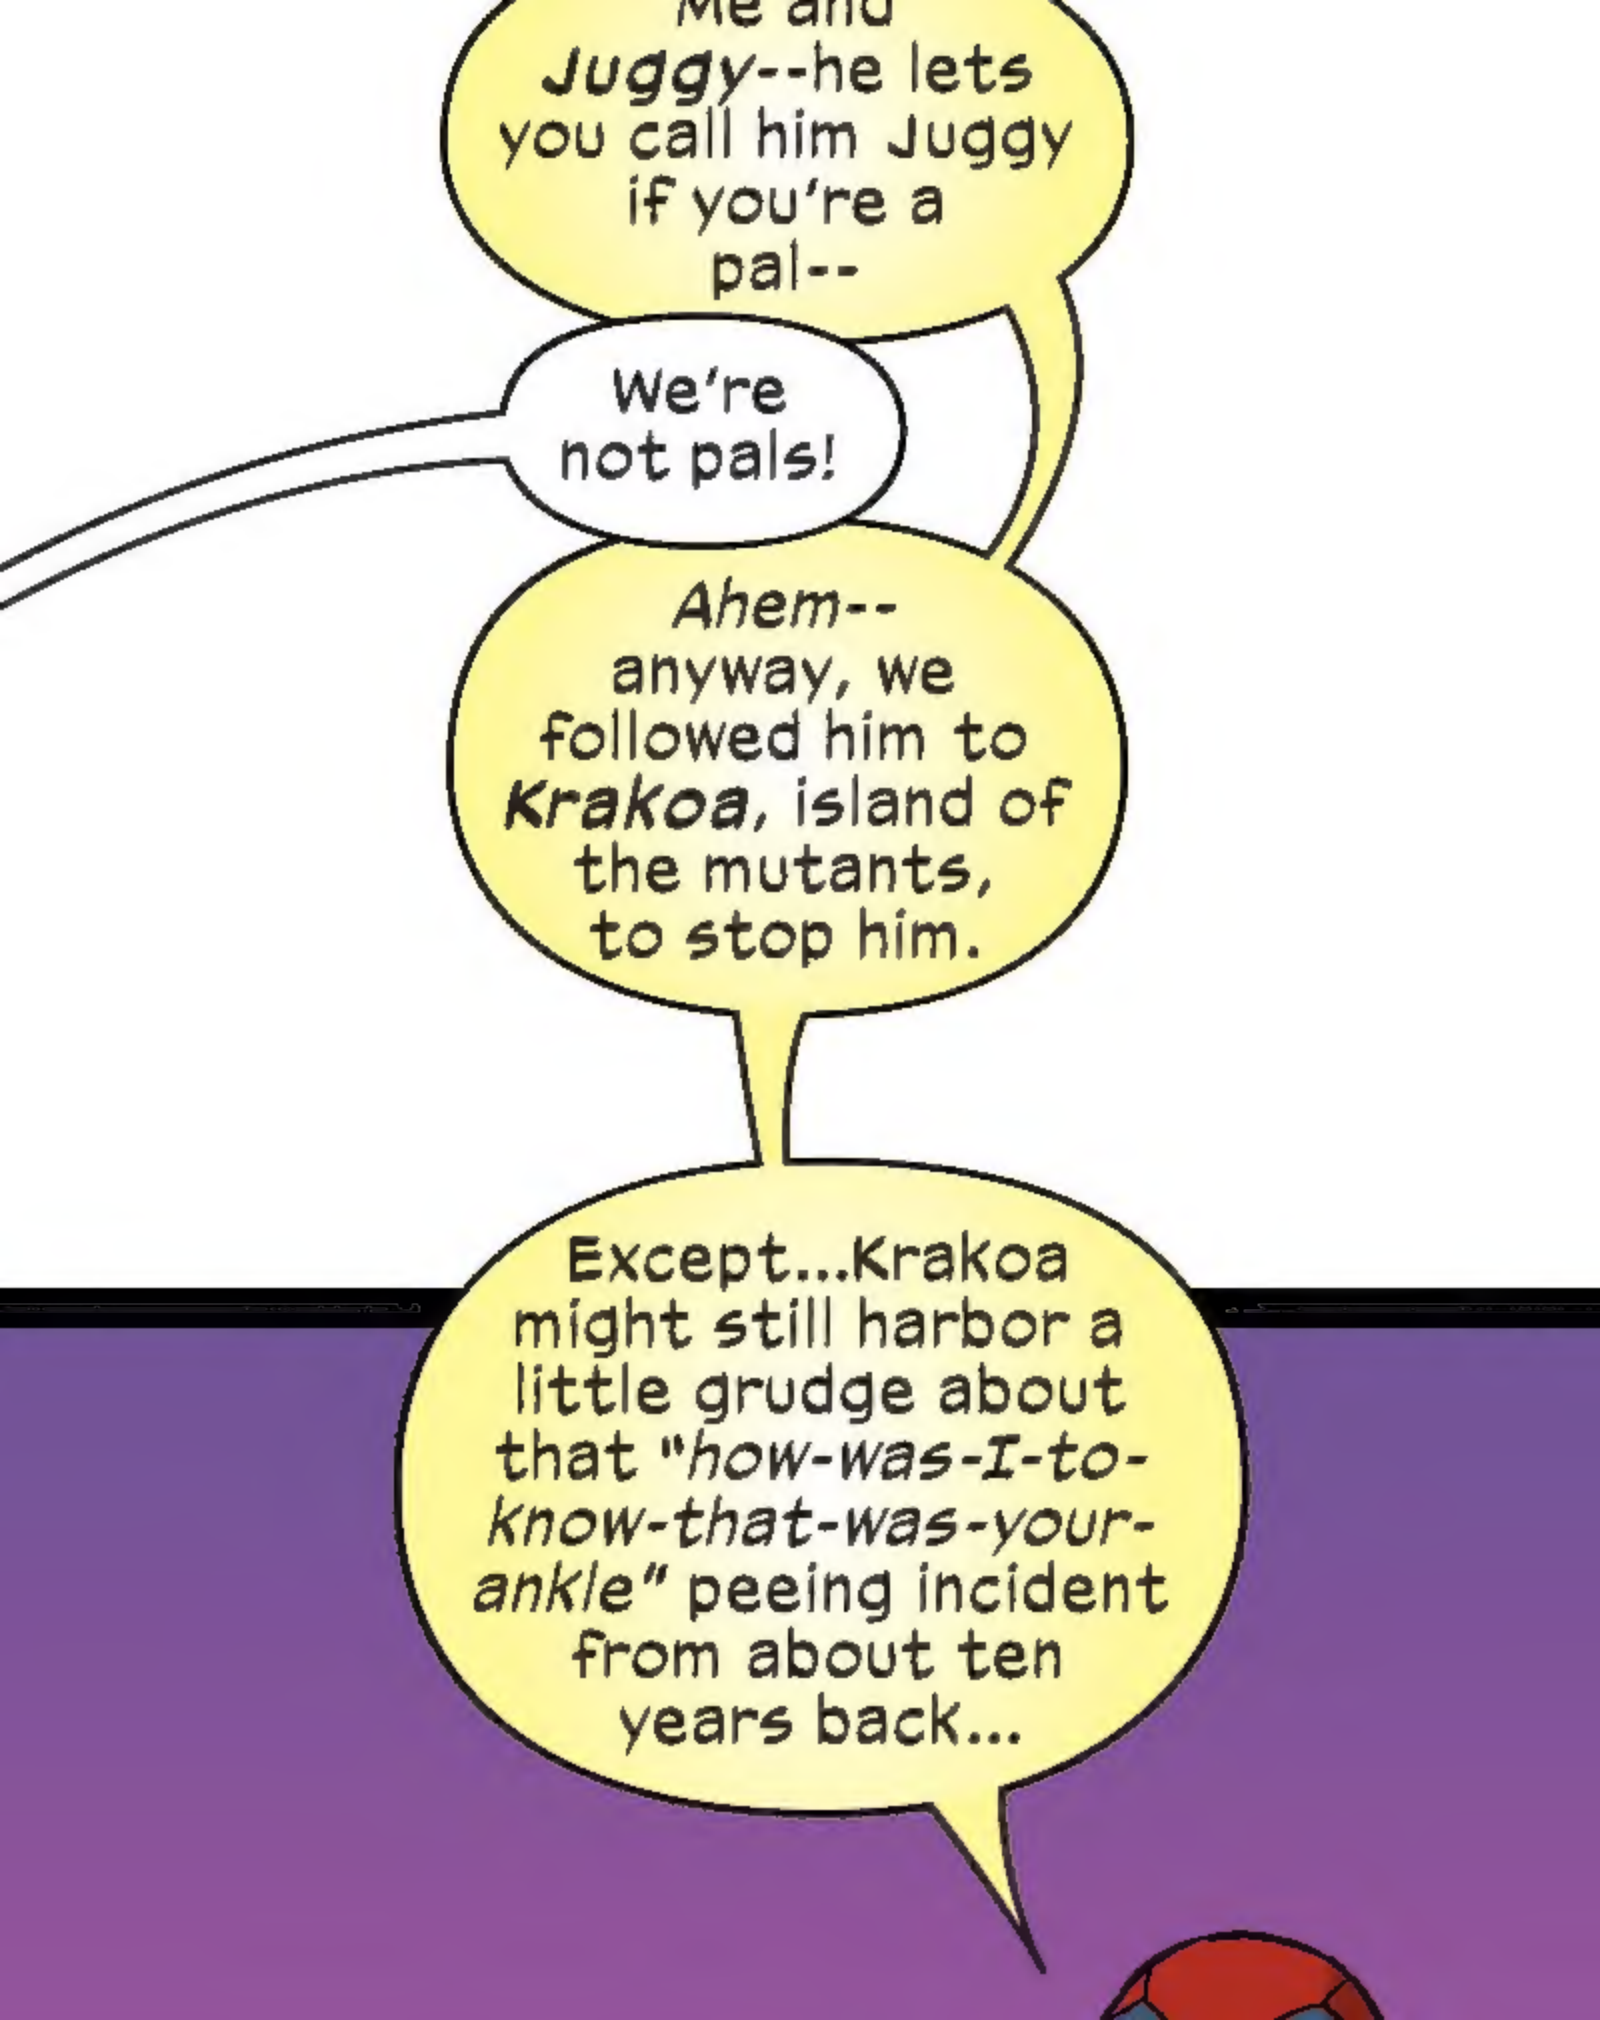
PARADISE LOST



This numbnut calling himself *the Human Adaptoid* hates all superhumans.
So what does he do? He gives himself the *powers* of *one hundred* bad guys--
--including *perpetual cellular regeneration* (taken from the gonads of yours truly) to help his body handle all that machismo.



Hmm, now I know why Chris Eliopoulos didn't want to hand-letter ***"perpetual cellular regeneration"*** every month.
Anyway, what would any super-super-powered guy who hates super-powered people do with all those super-powers?
Yep! Try to ***kill all mutants.*** Easy guess, right?



Me and Juggy--he lets you call him Juggy if you're a pal--
We're not pals!
Ahem-- anyway, we followed him to Krakoa, island of the mutants, to stop him.
Except...Krakoa might still harbor a little grudge about that "how-was-I-to-know-that-was-your-ankle" peeing incident from about ten years back...

CHAPTER SEVEN
SO MUCH ROT INSIDE

He's probably never seen the movie.
Probably not.
Eh, it sucked anyway.

THRUMM

Is that who I think it is?
Who do you think it is?
Maximilian Schell. Is he mad at us for making fun of his movie?
I didn't make fun of the movie. And that's not Maximilian Schell... How old are you anyway with those references?
I'm a keen student of pop culture history. Clearly, as is...

"...the Human Adaptoid!"

Hmm. Was hoping that crashing the jumpship on his head would have killed him.
He probably used a force-field to protect himself. Like from Unus.
He says he's untouchable, but I tickled him once.
So much I don't want to know.
You take the skyscraper-sized island-

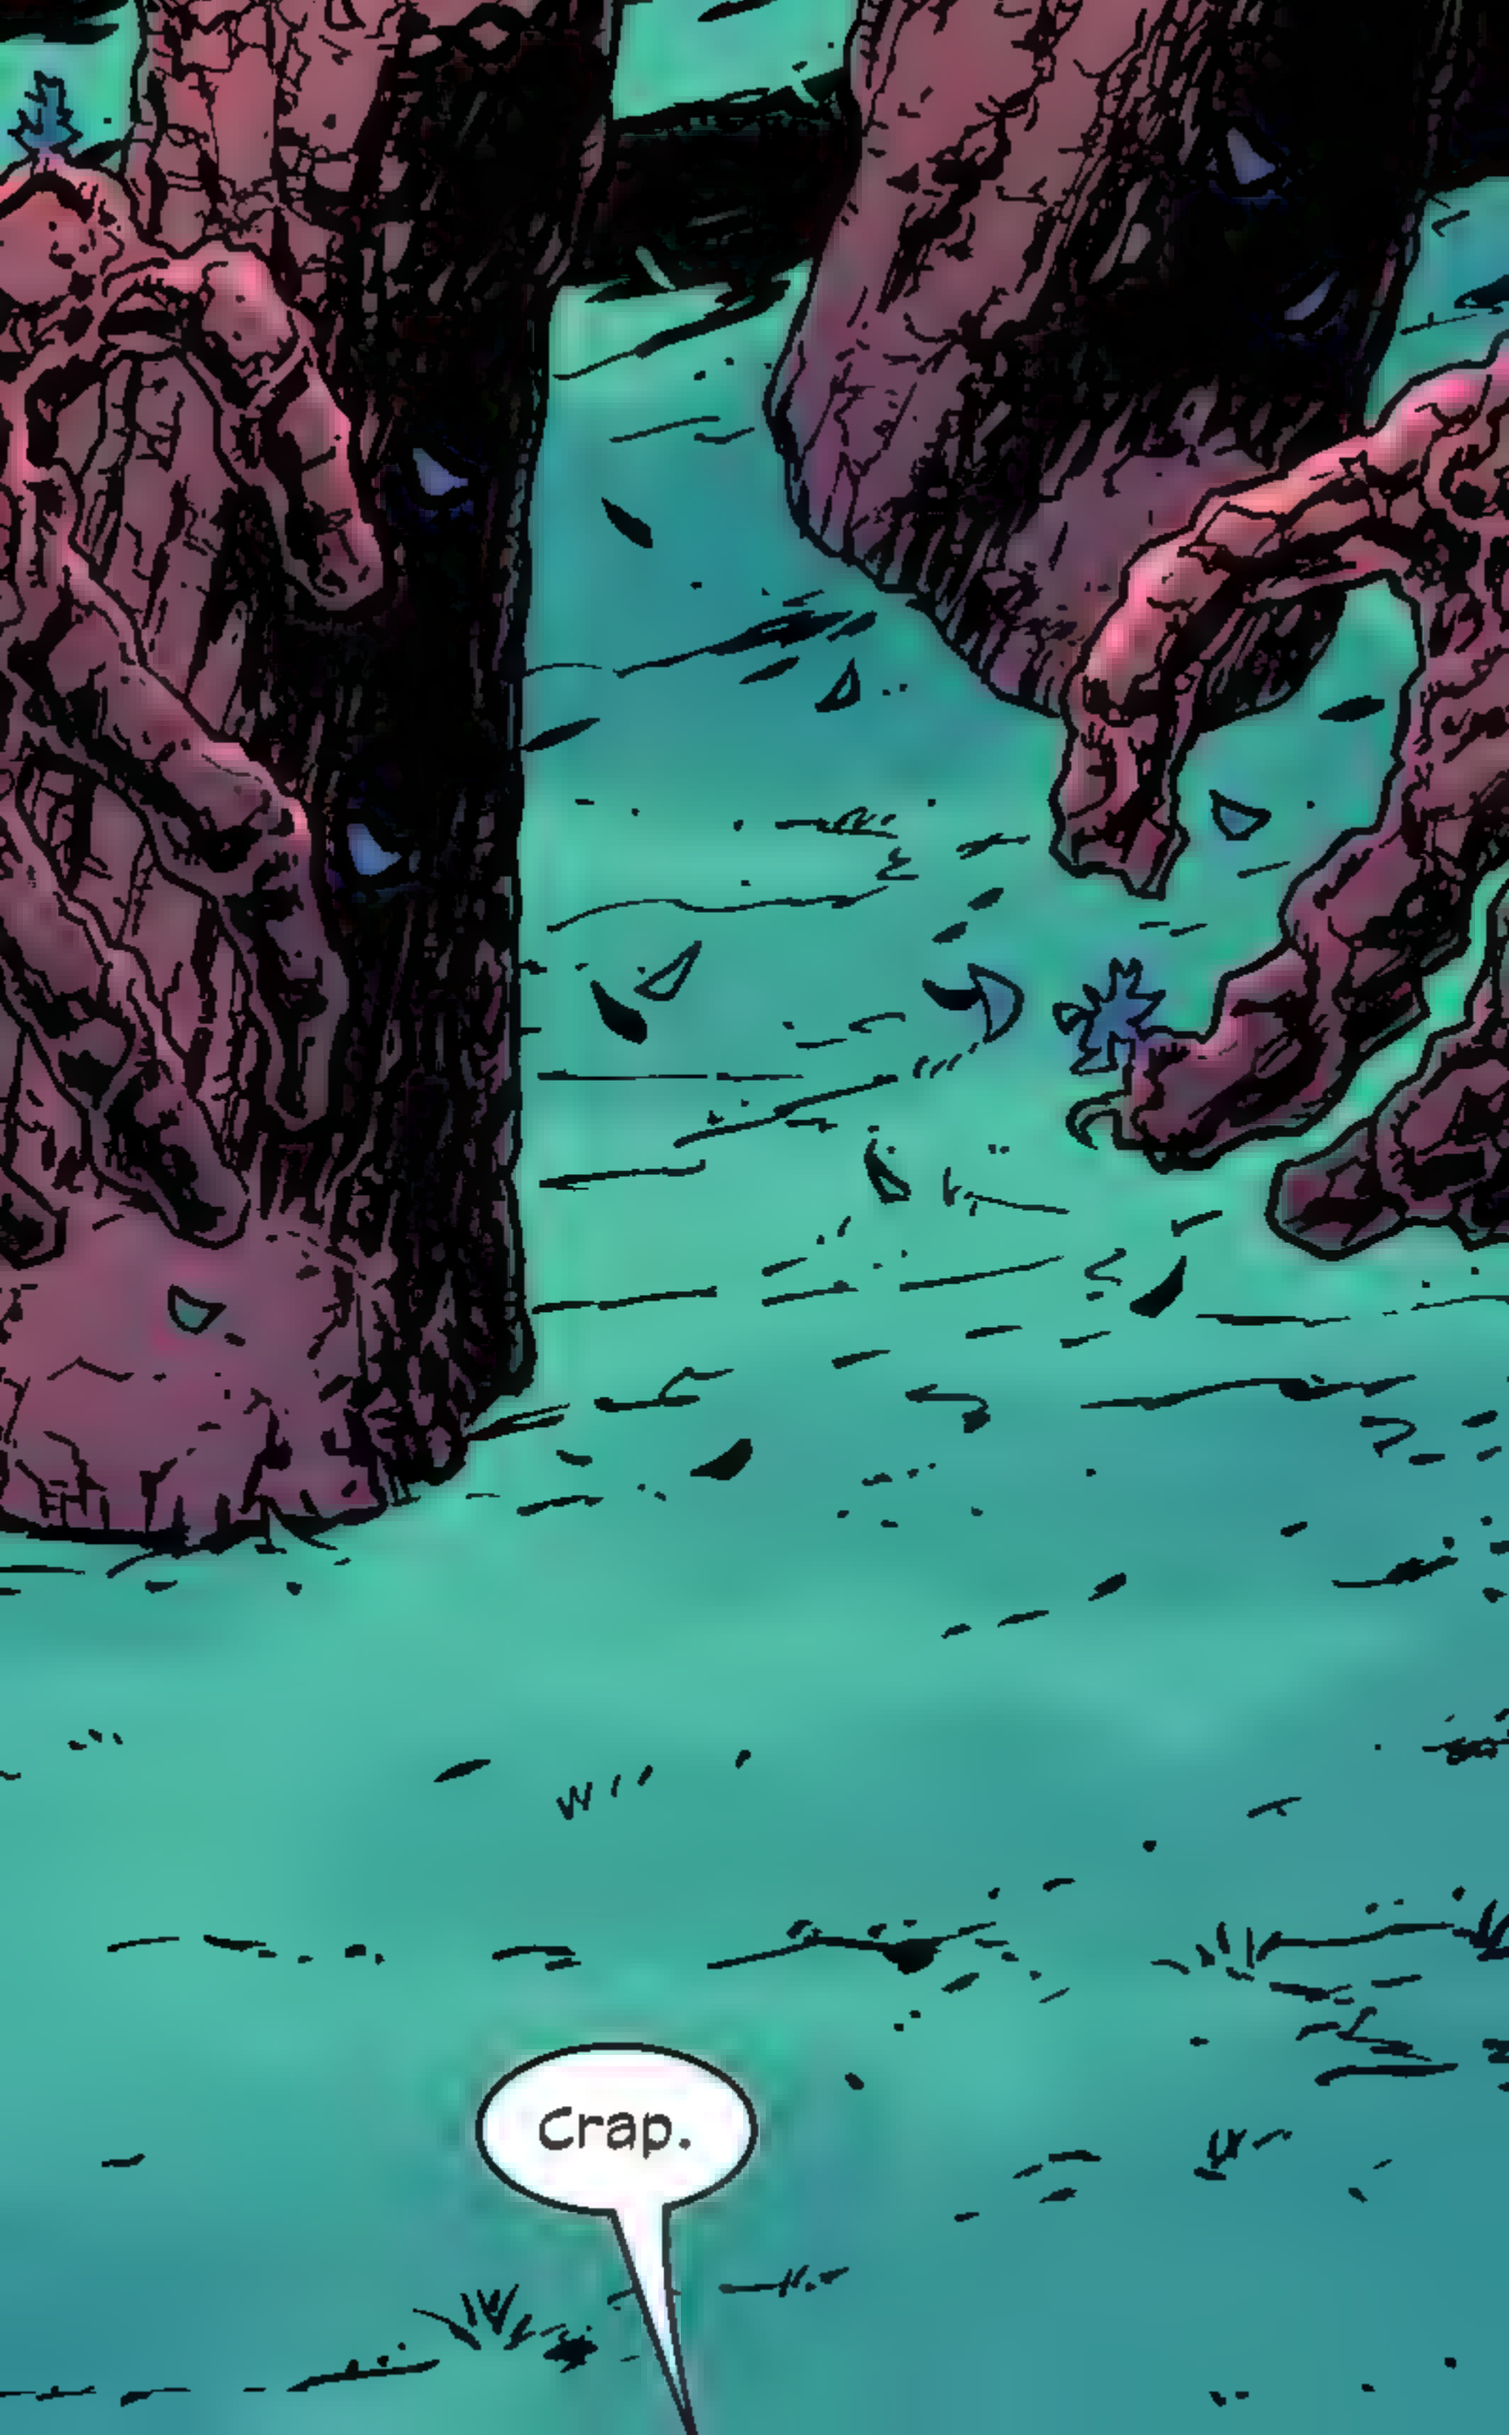
man.
I'll take the guy with a hundred powers.

You buy the beers after I win my fight before you do!

Yeah, good luck with that.
THWUPDUMM

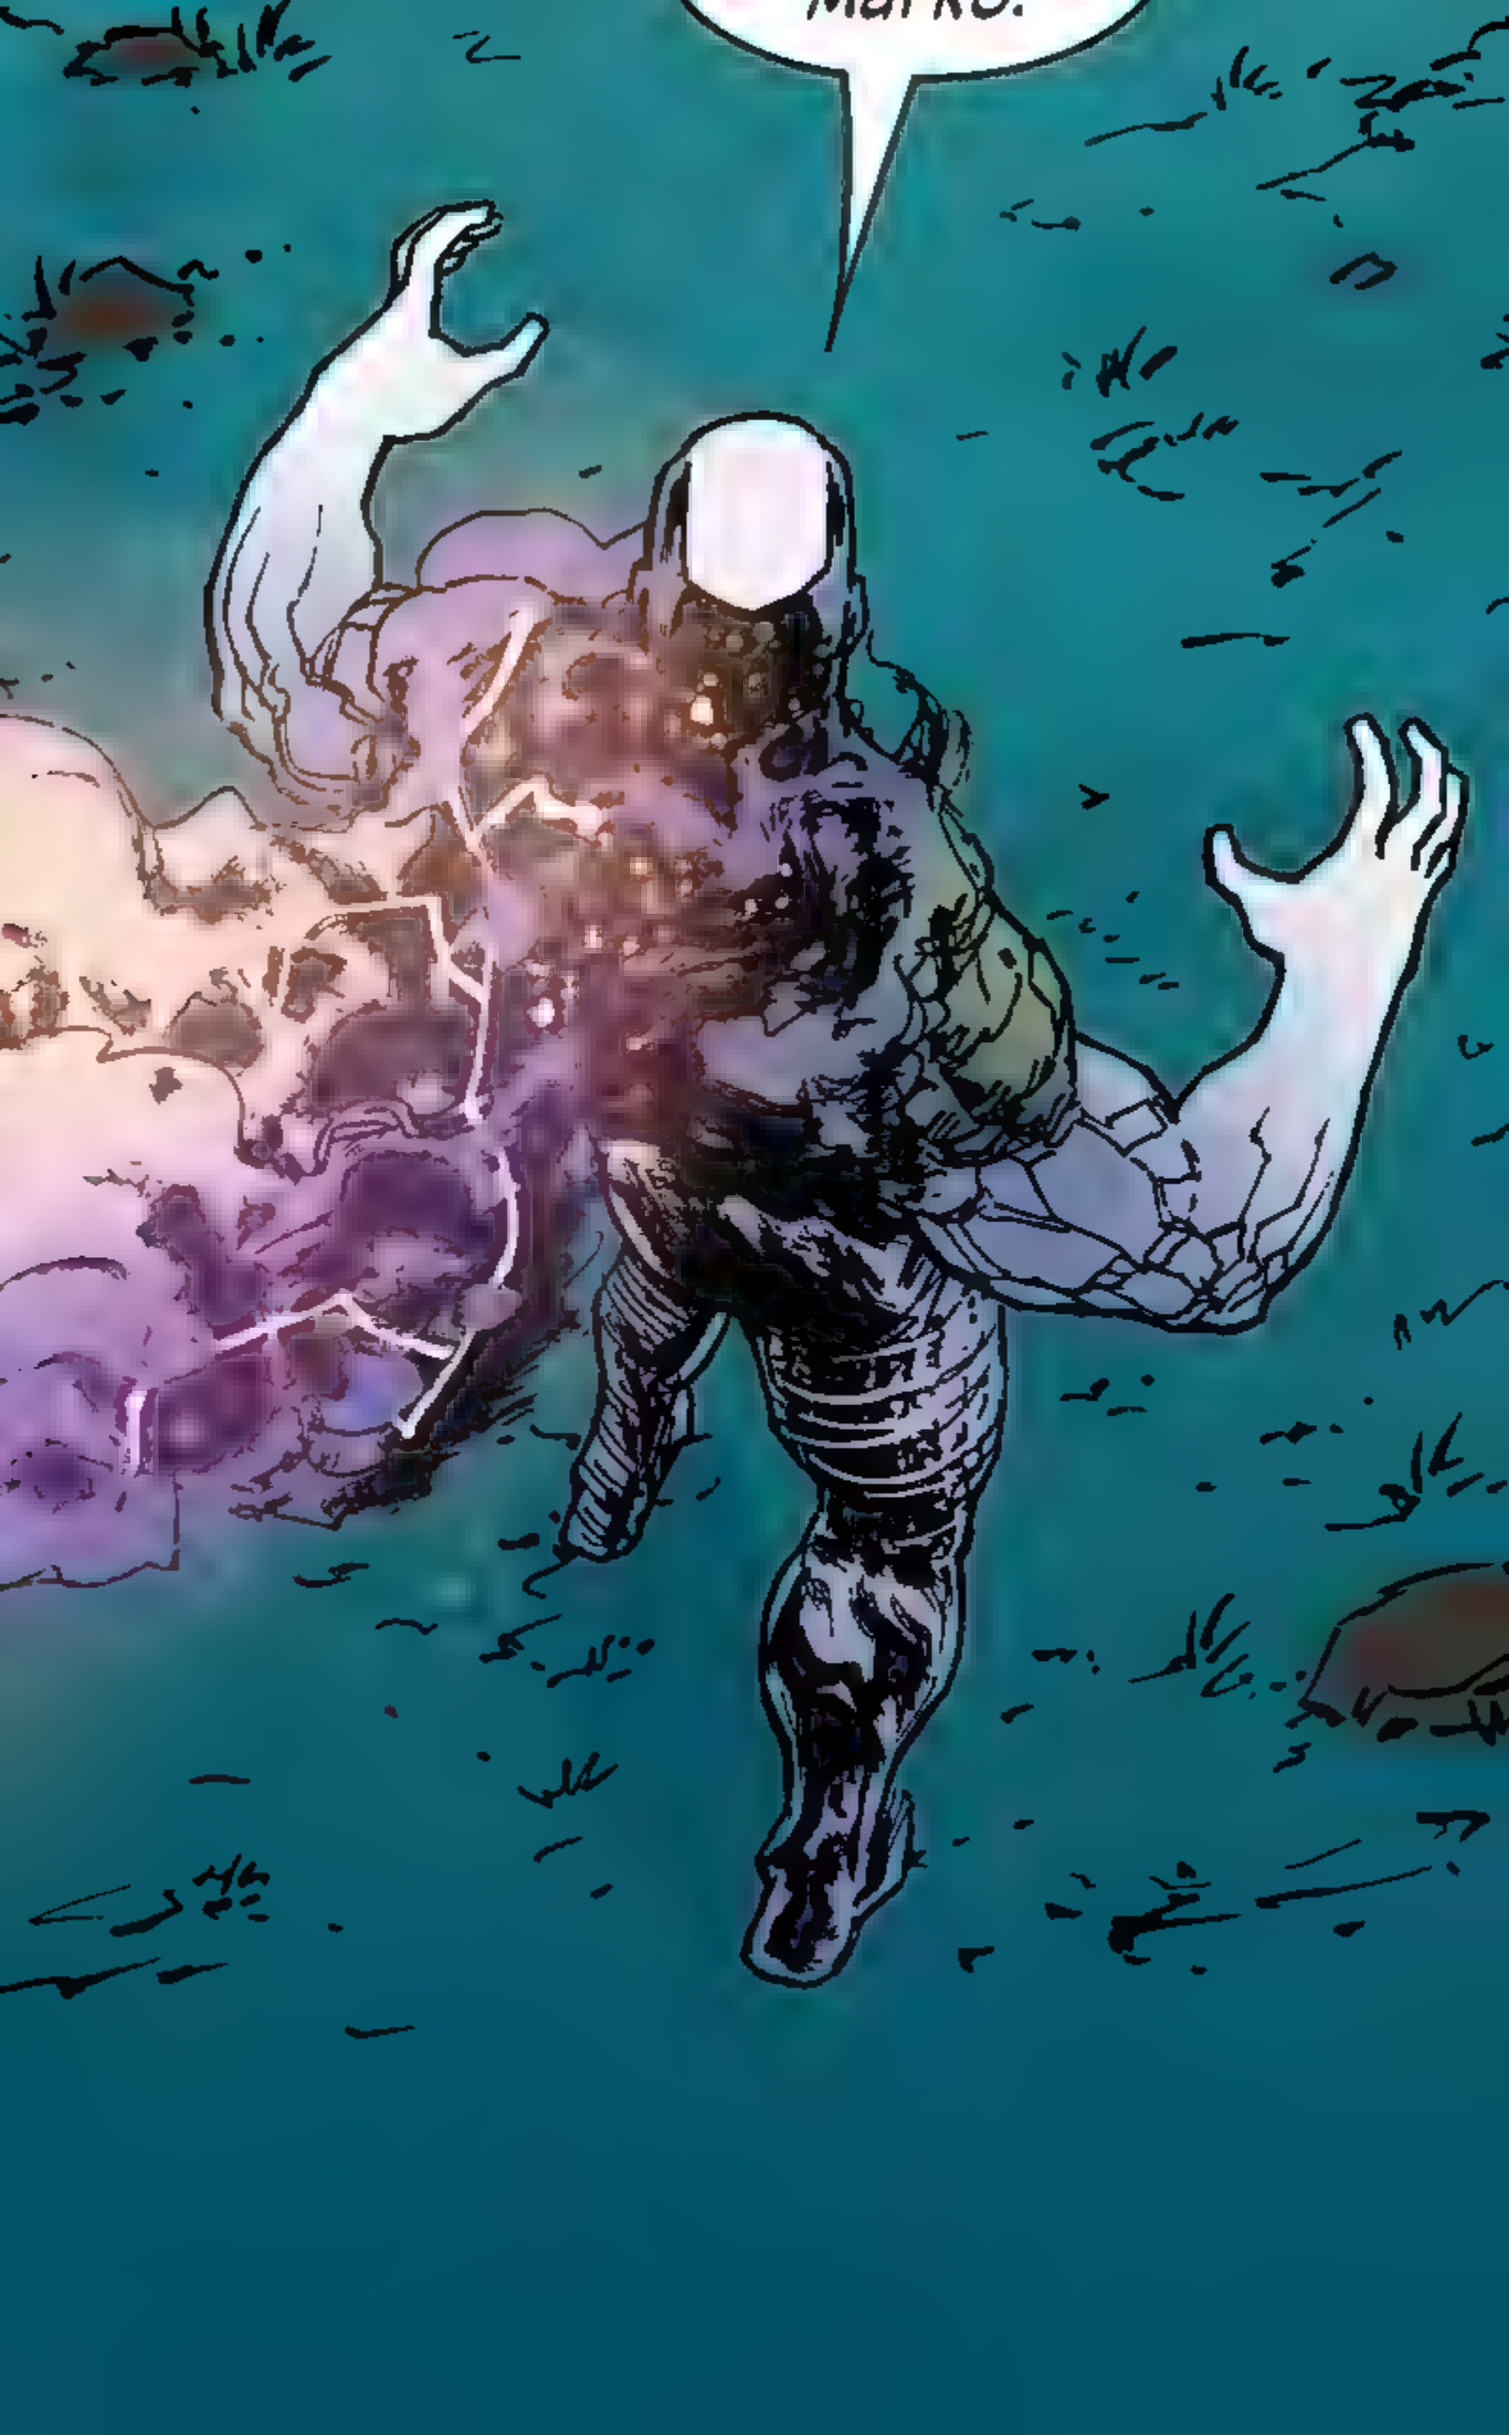
WHUMP
Beers on me...
ﻥﺎﻤﻠﻌﻟﺍ ﻲﻠﻋ ﺮﻴﺒﻜﻟﺍ

You plan on getting up any time soon?
No.



Crap.

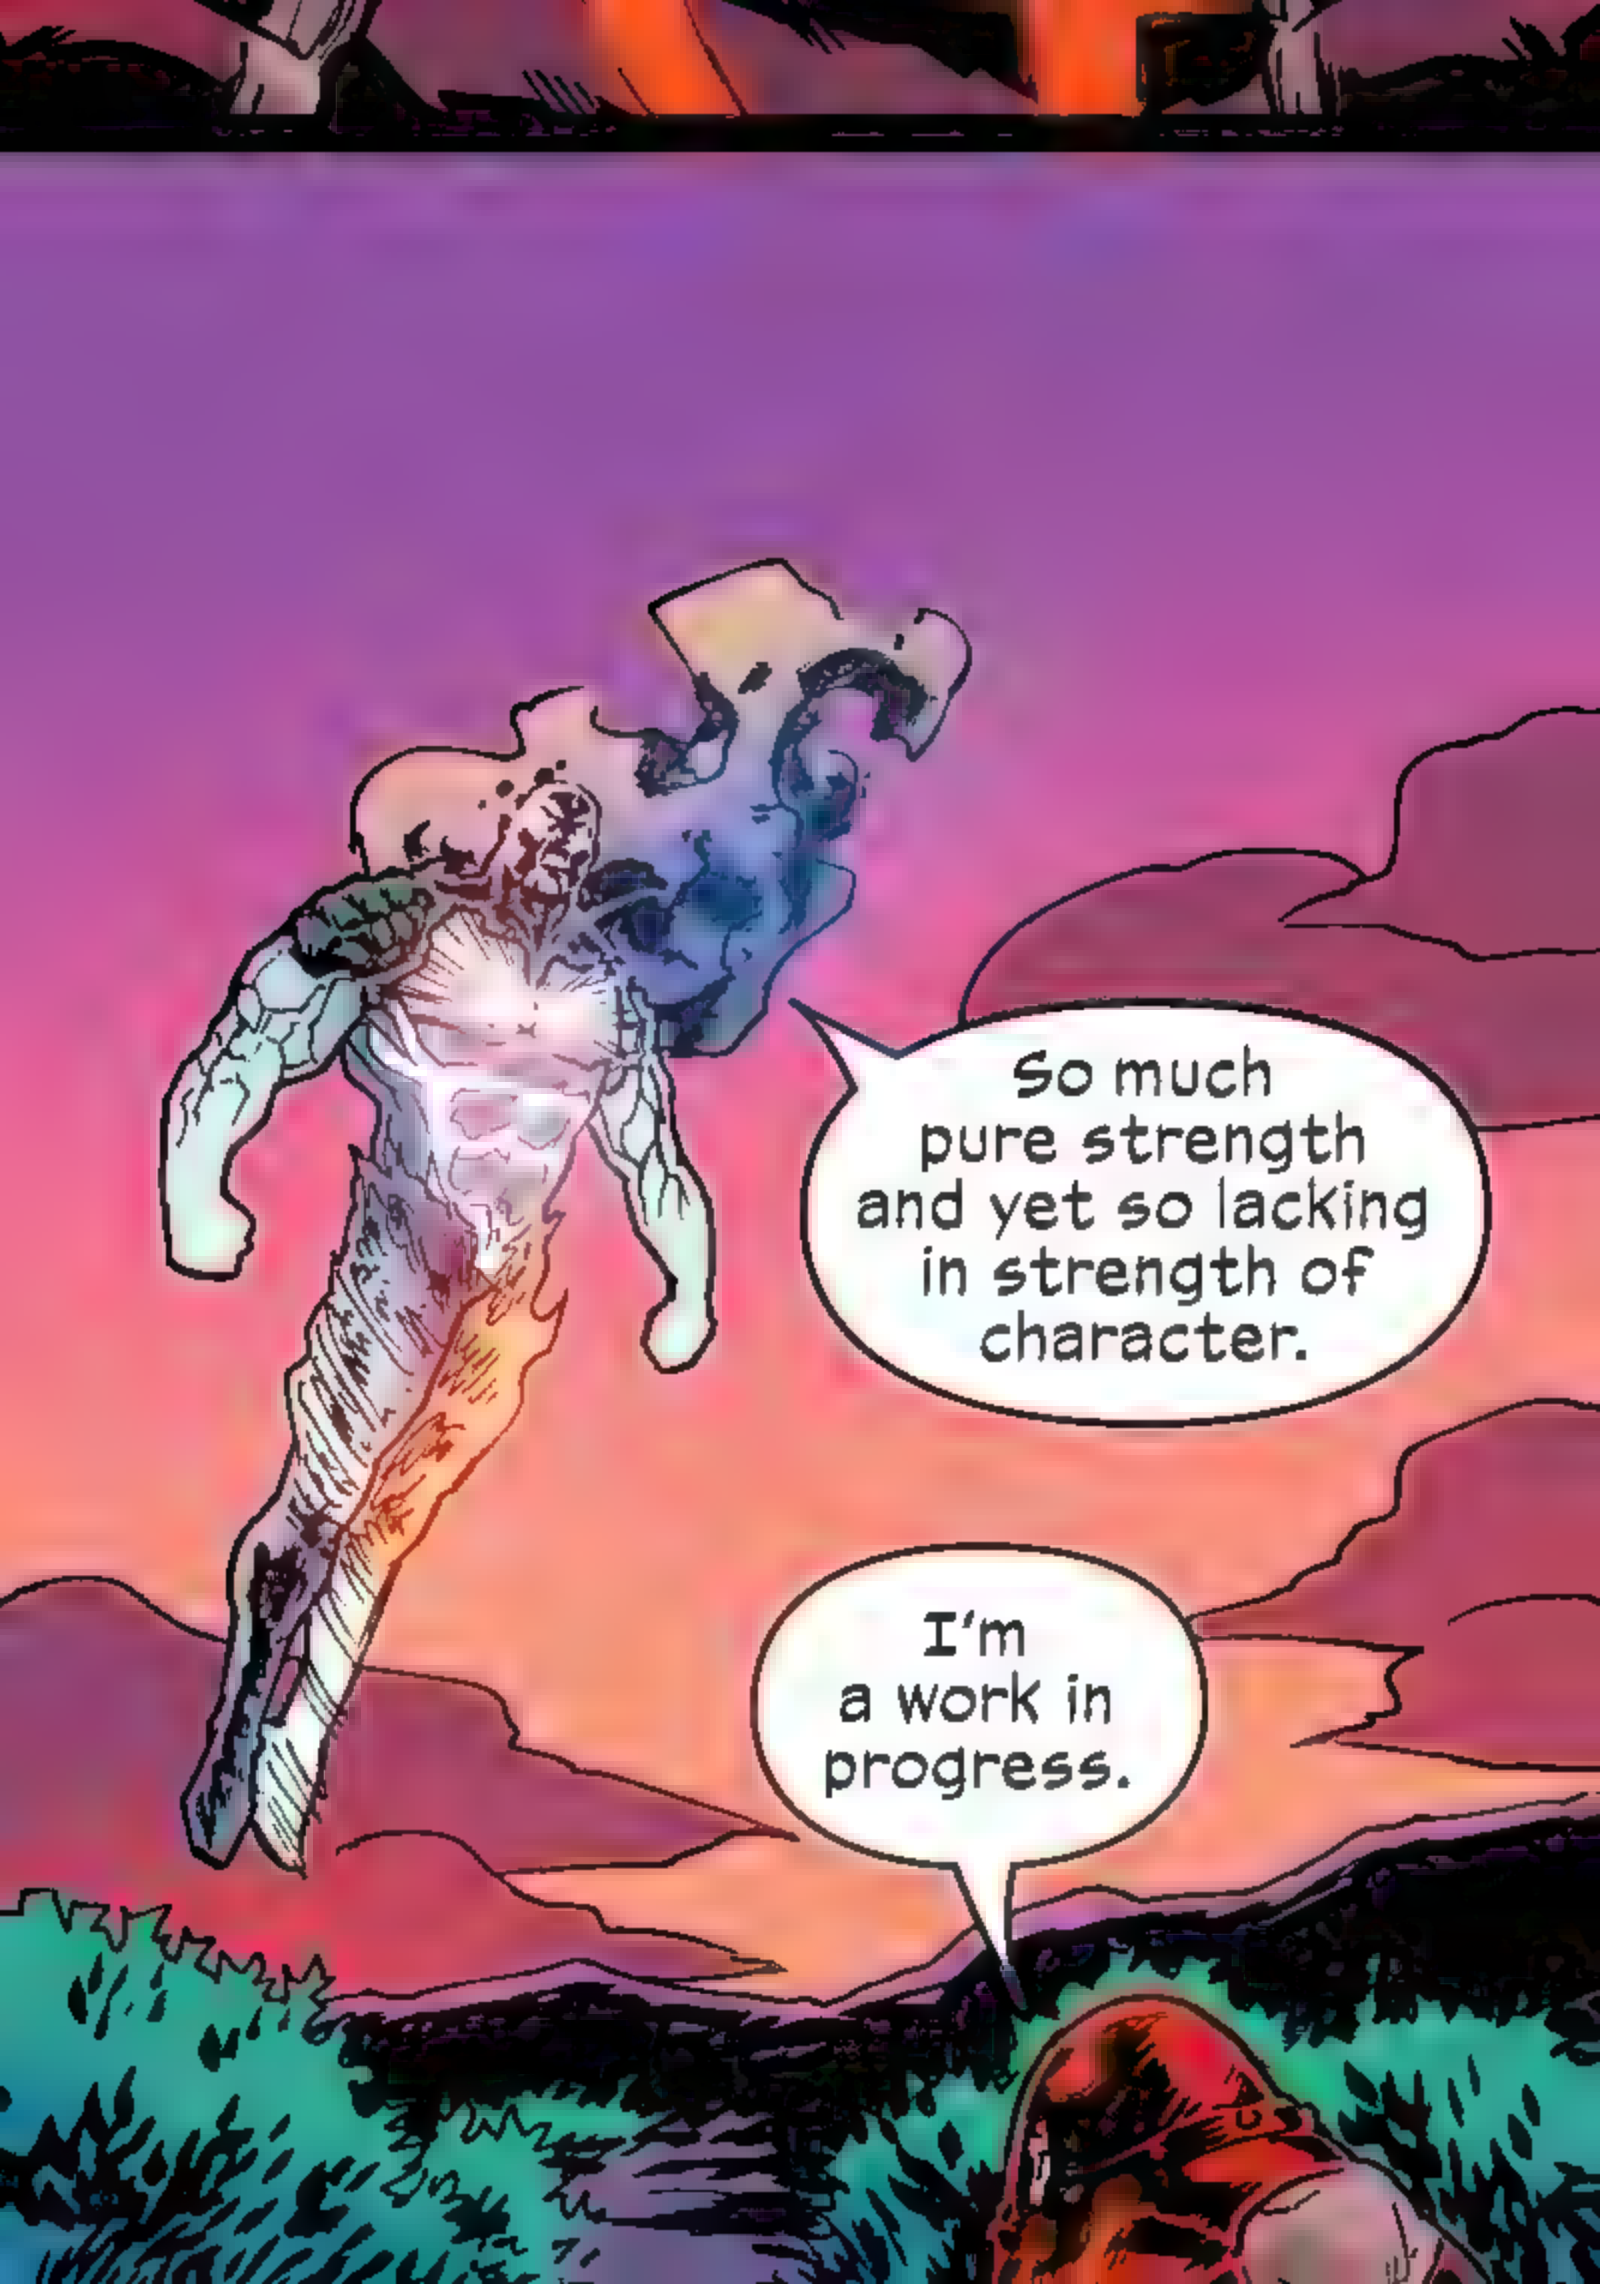
I commend you on your persistence, Marko



MARKUS!

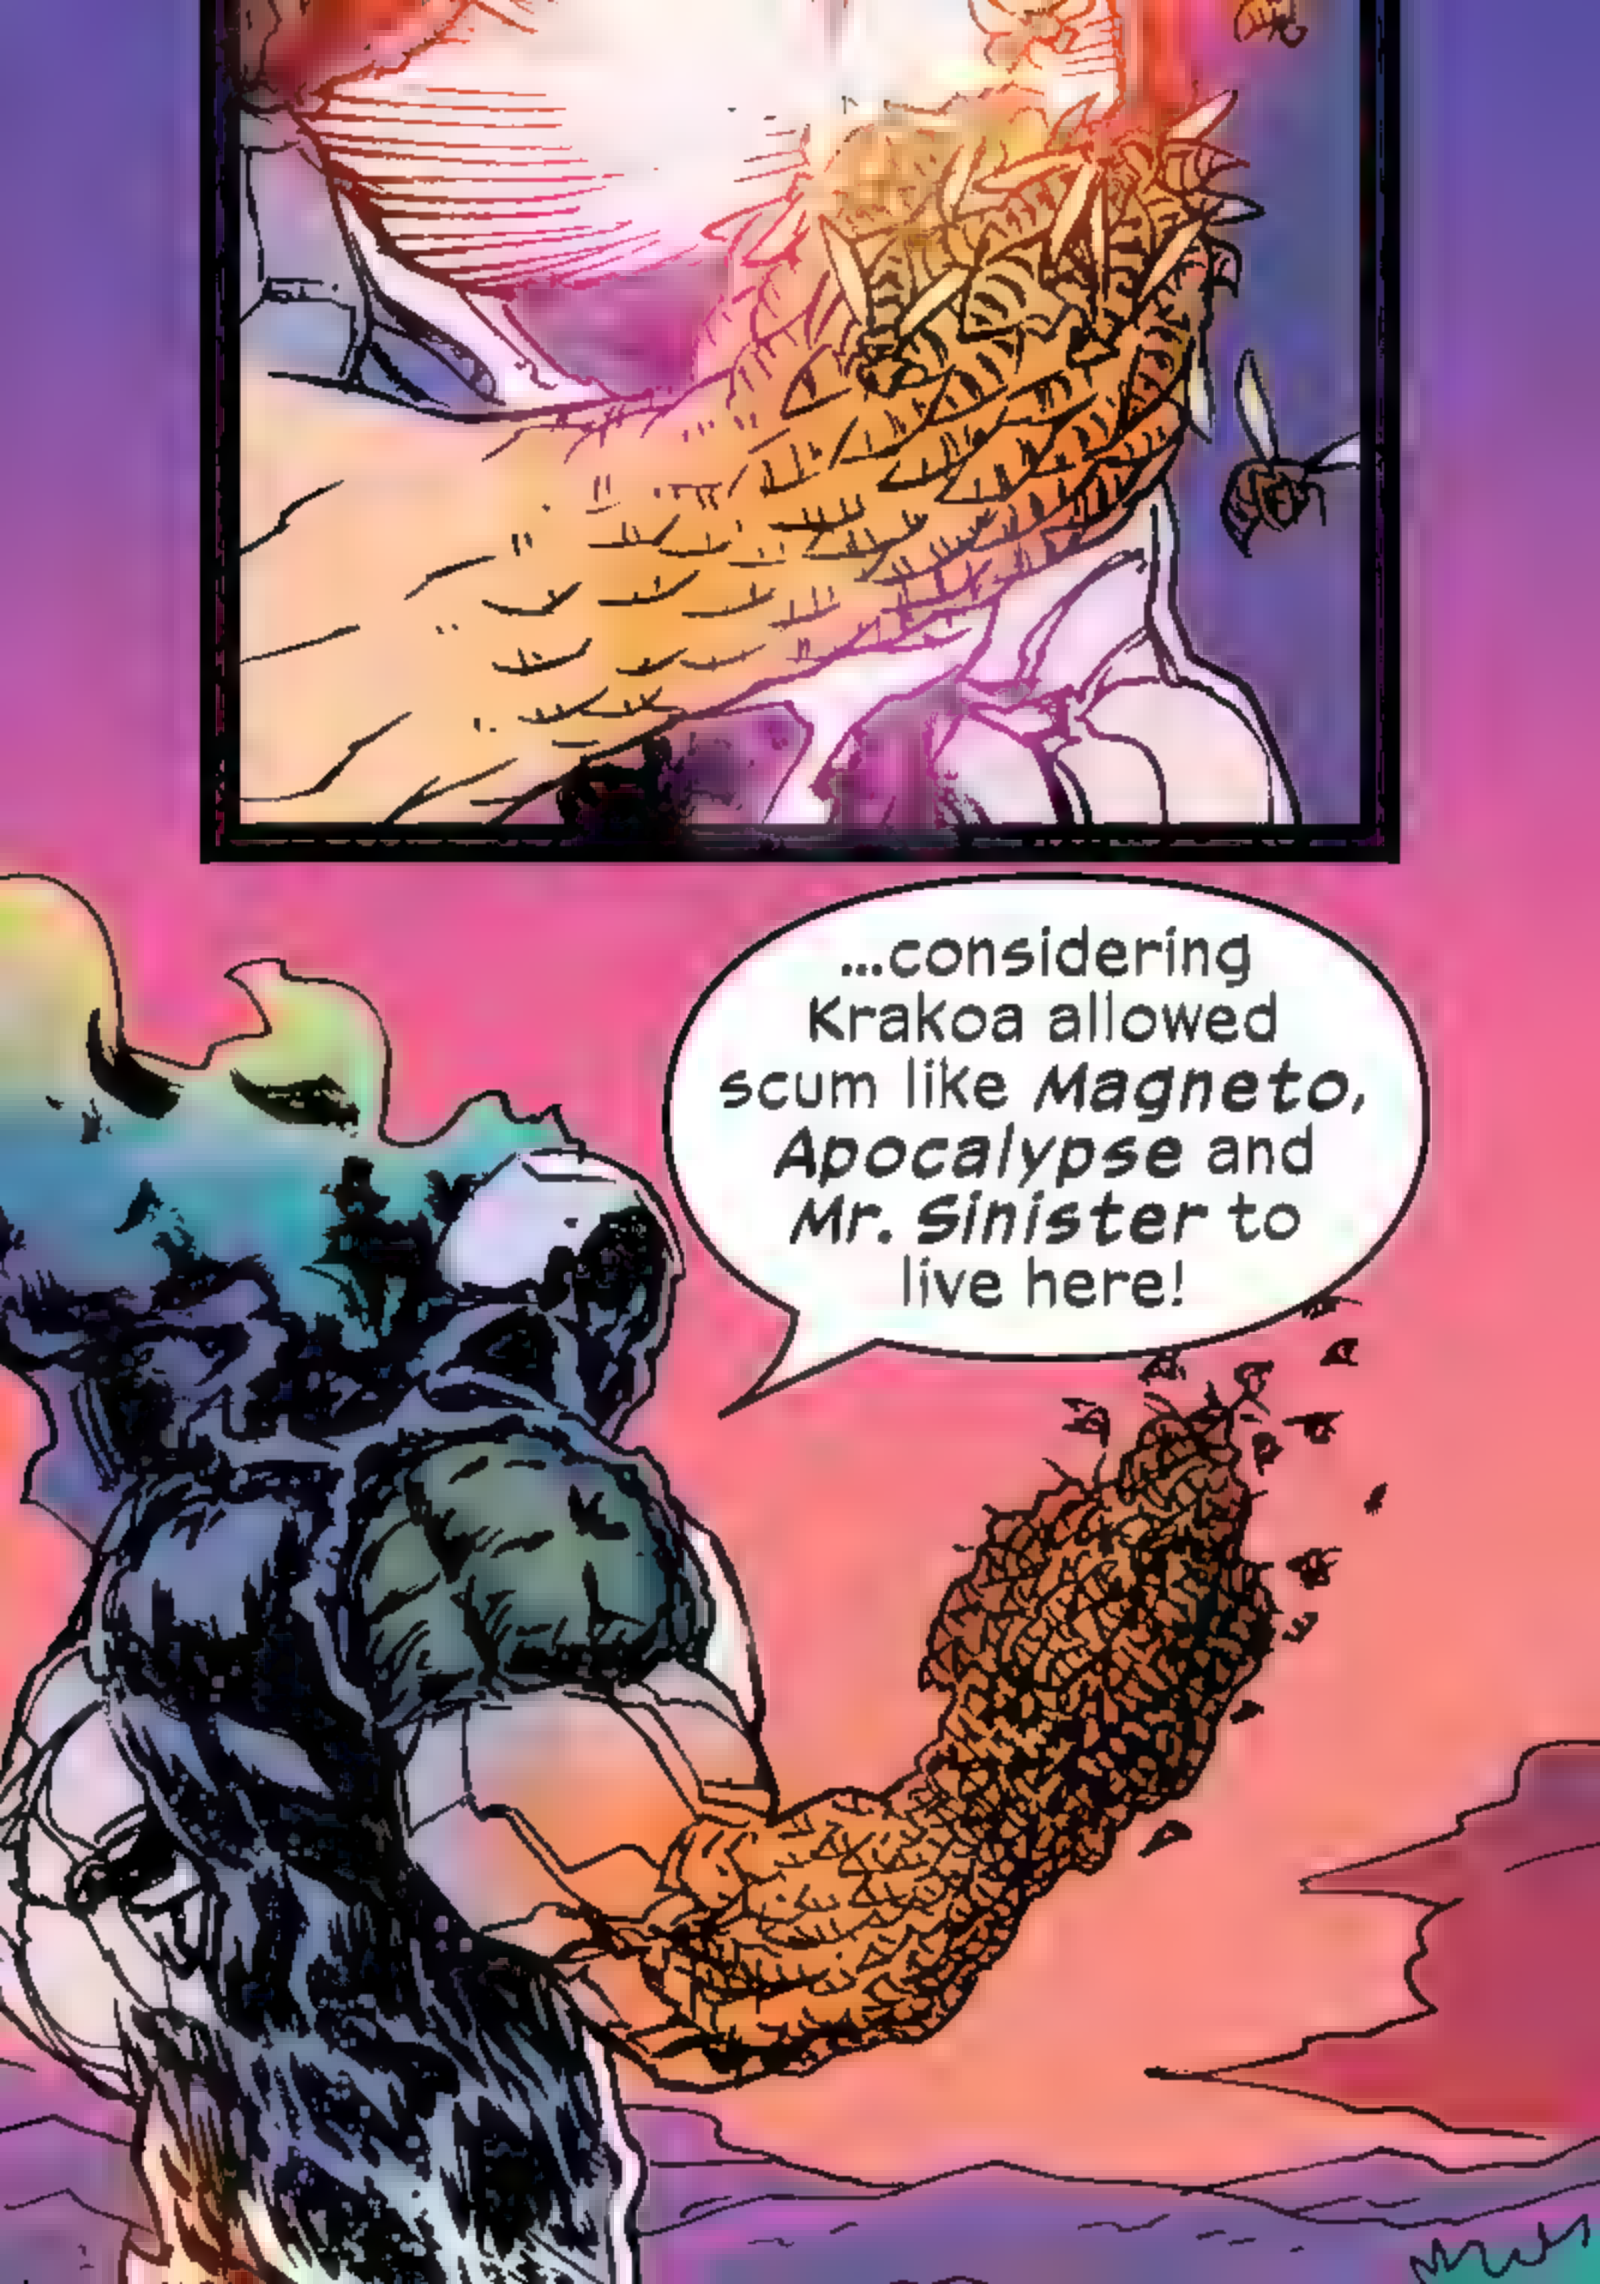
I wonder though, are you so stubborn out of principle to do what is right or desperation to

be respected?



So much pure strength and yet so lacking in strength of character.
I'm a work in progress.

The fact that the island itself does not want you here says all that needs to be said about you, *Juggernaut*...



...considering Krakoa allowed scum like *Magneto*, *Apocalypse* and *Mr. Sinister* to live here!

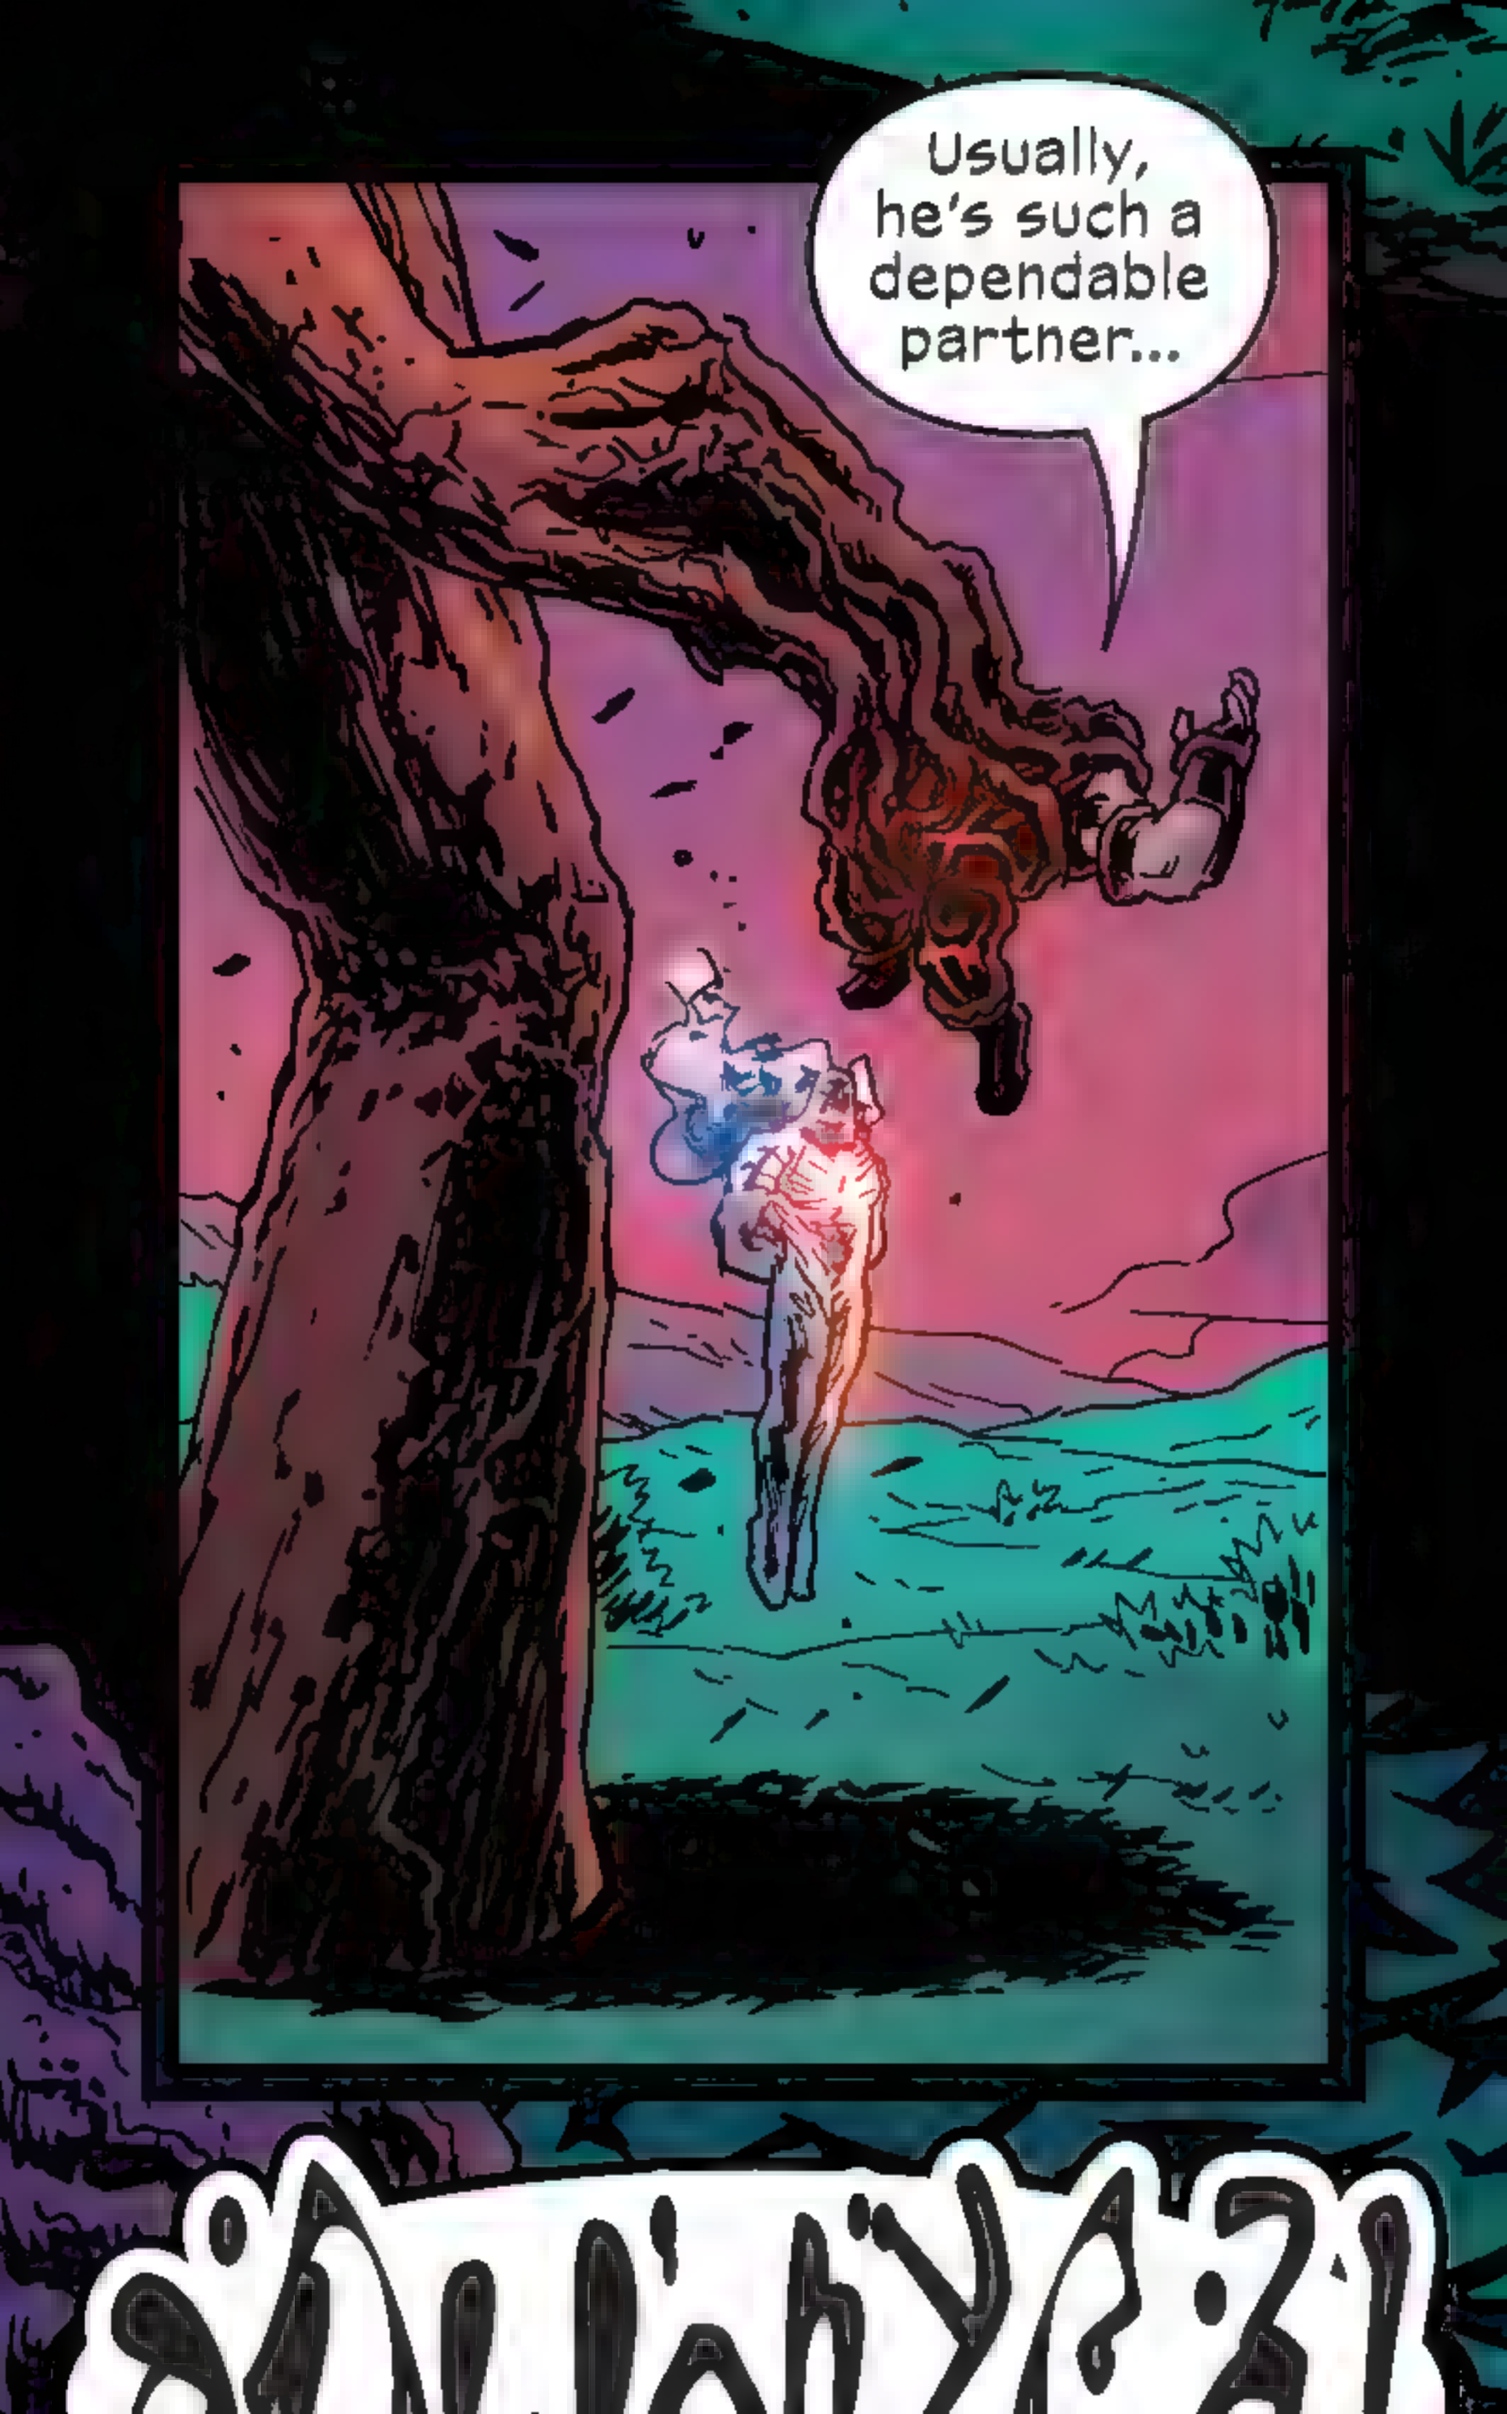
Yes. That must sting...
Oh, you still got Swarm's powers inside you?

BRZZT

Figured out how to stop them after the last time.*
*See Juggernaut (2020) #5. --Jordan
But have you figured out

how to stop
that...?

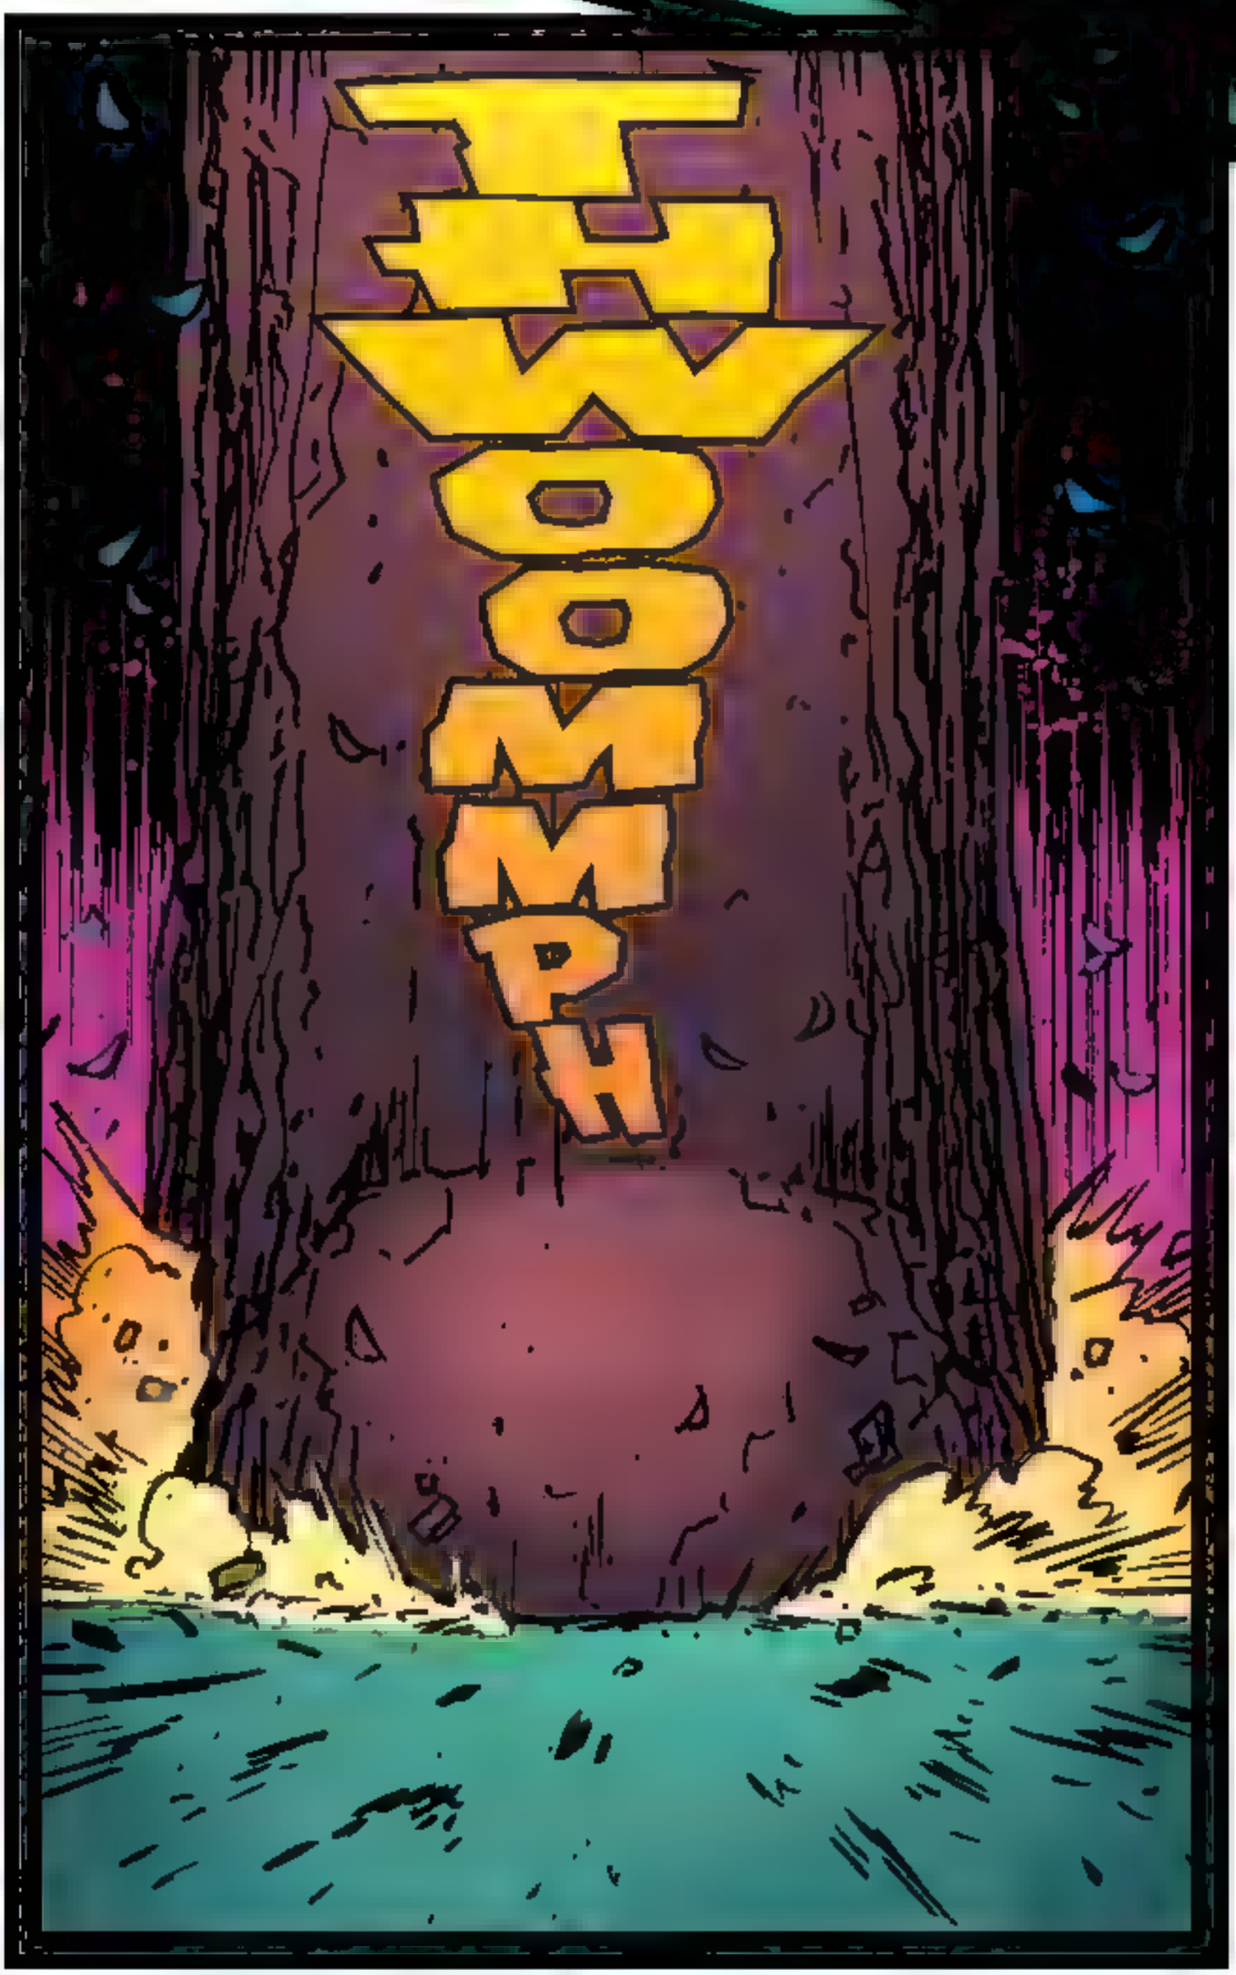
Wade--
little help
here!



Usually, he's such a dependable partner...

FWWOOO

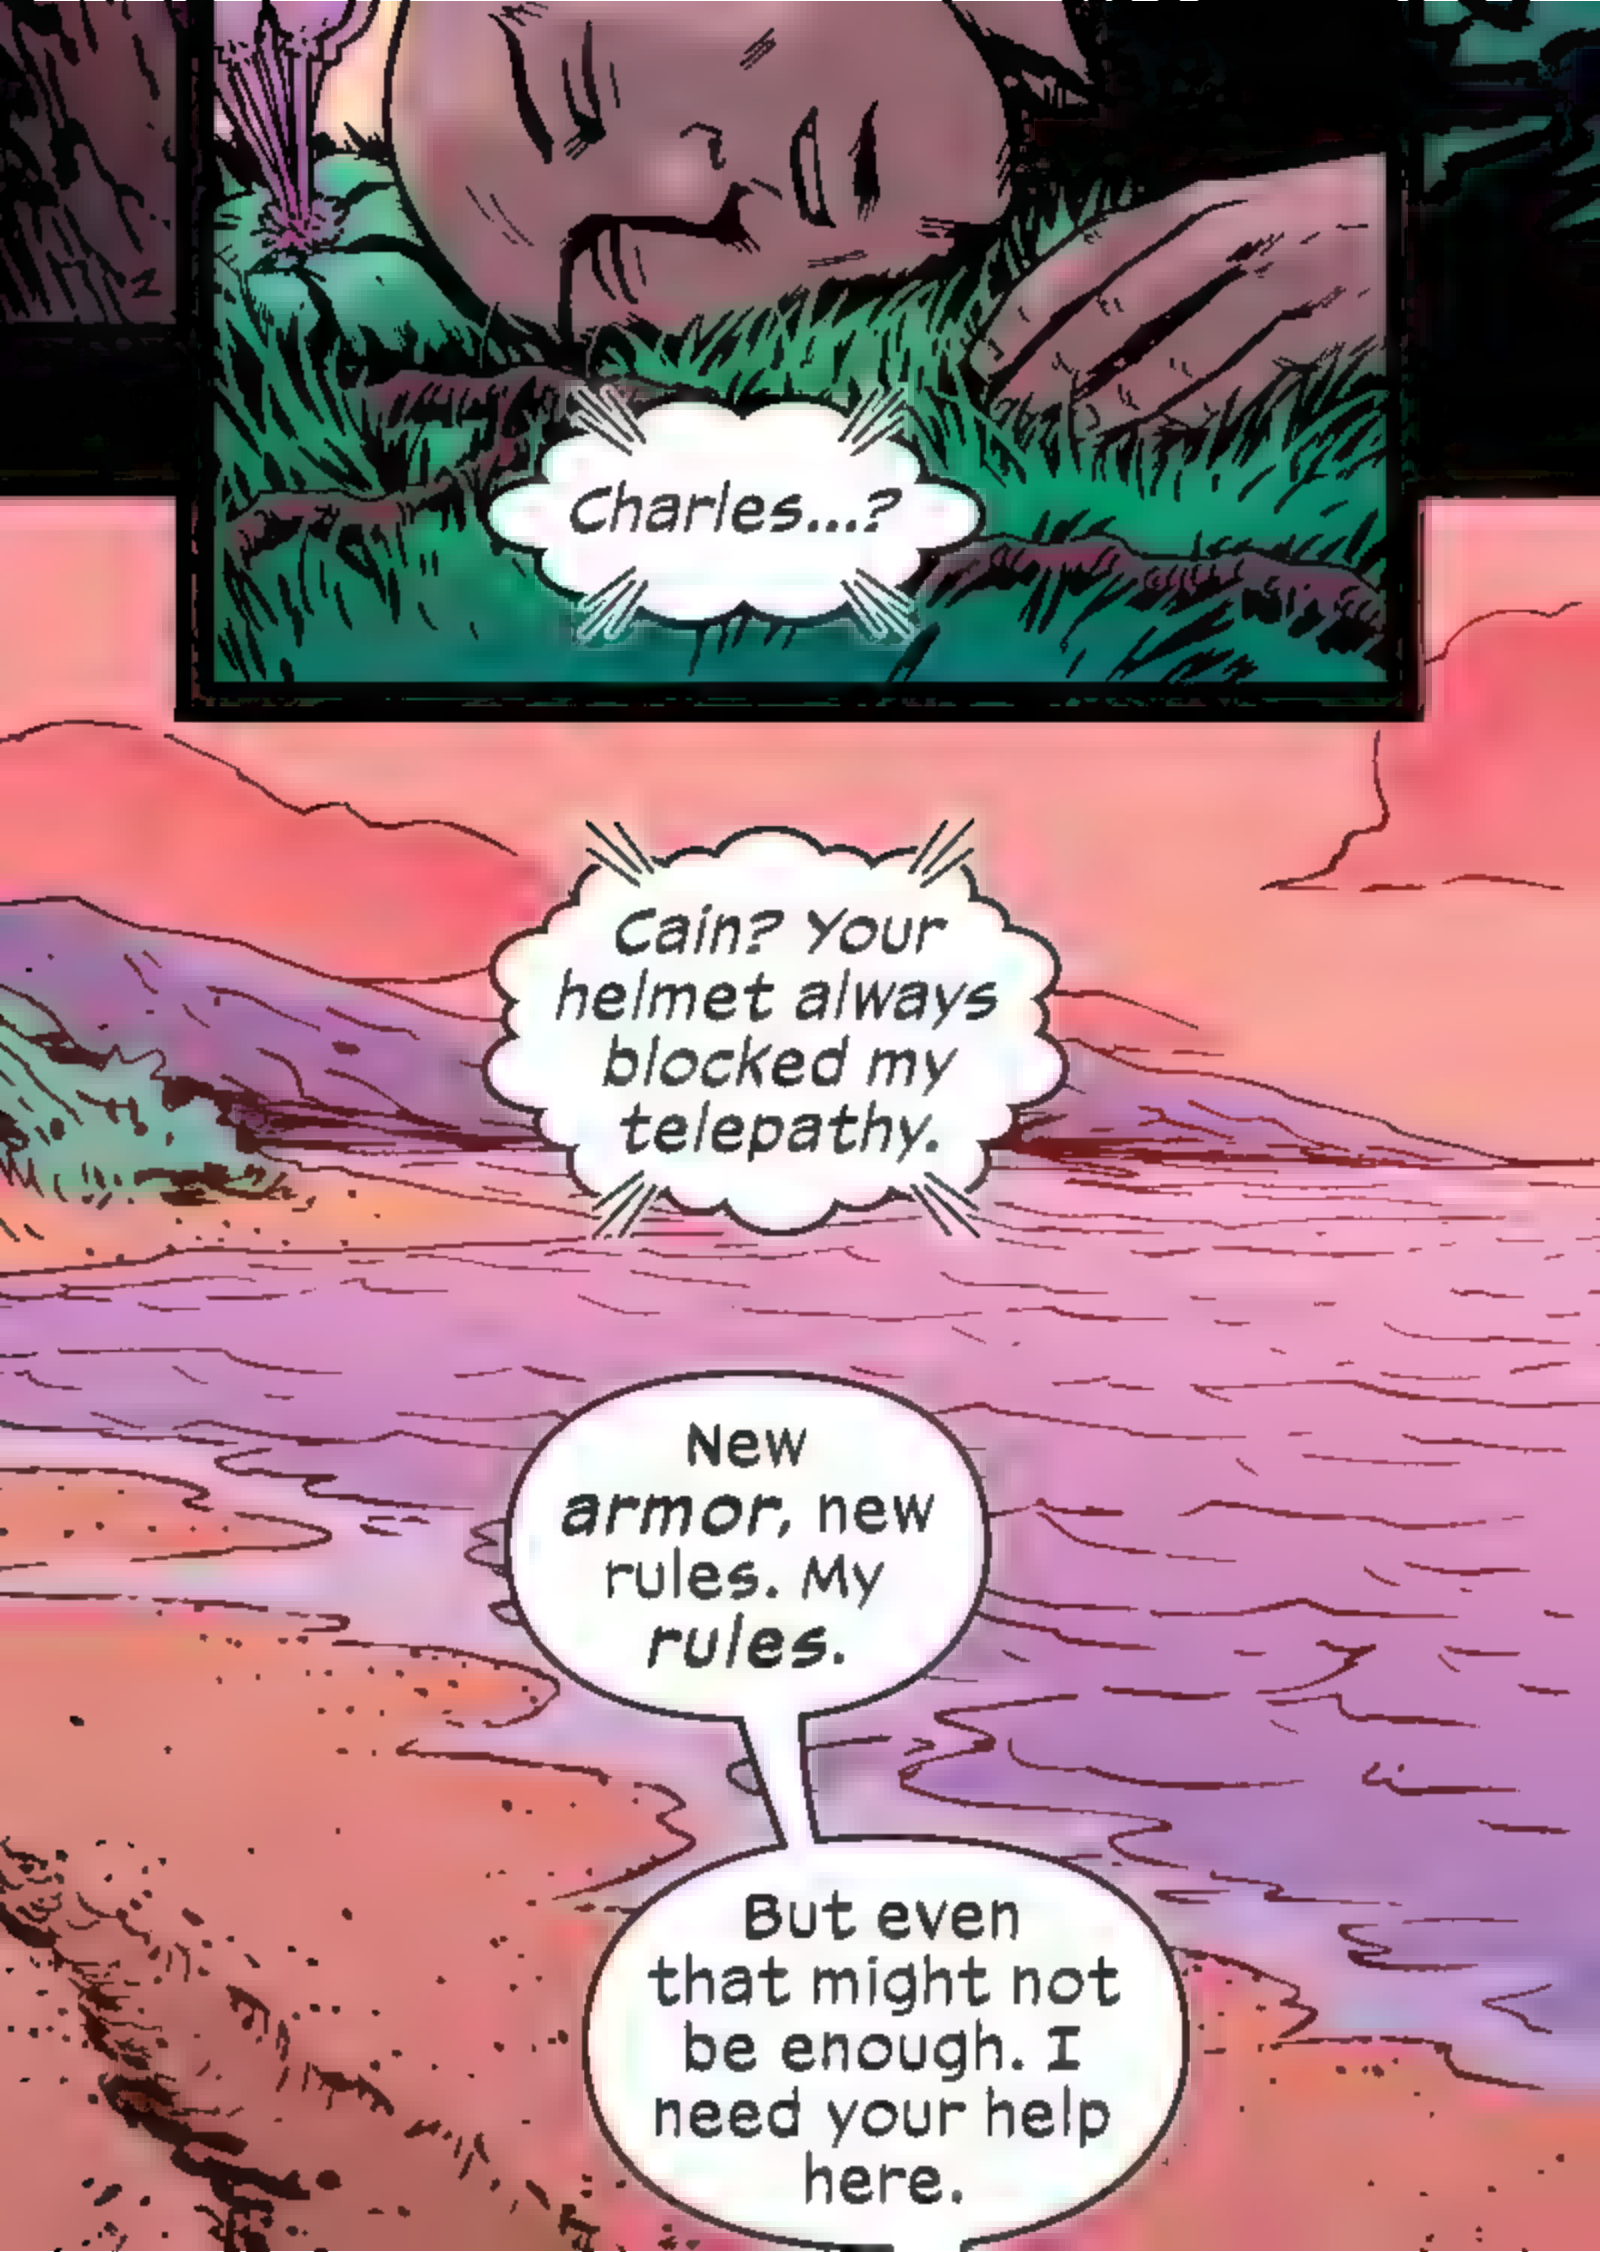
Your injuries are slow to mend, Mr. Wilson.
Your *healing factor* has been severely taxed.
It's not unlimited. Good to know.



THWOMMPH

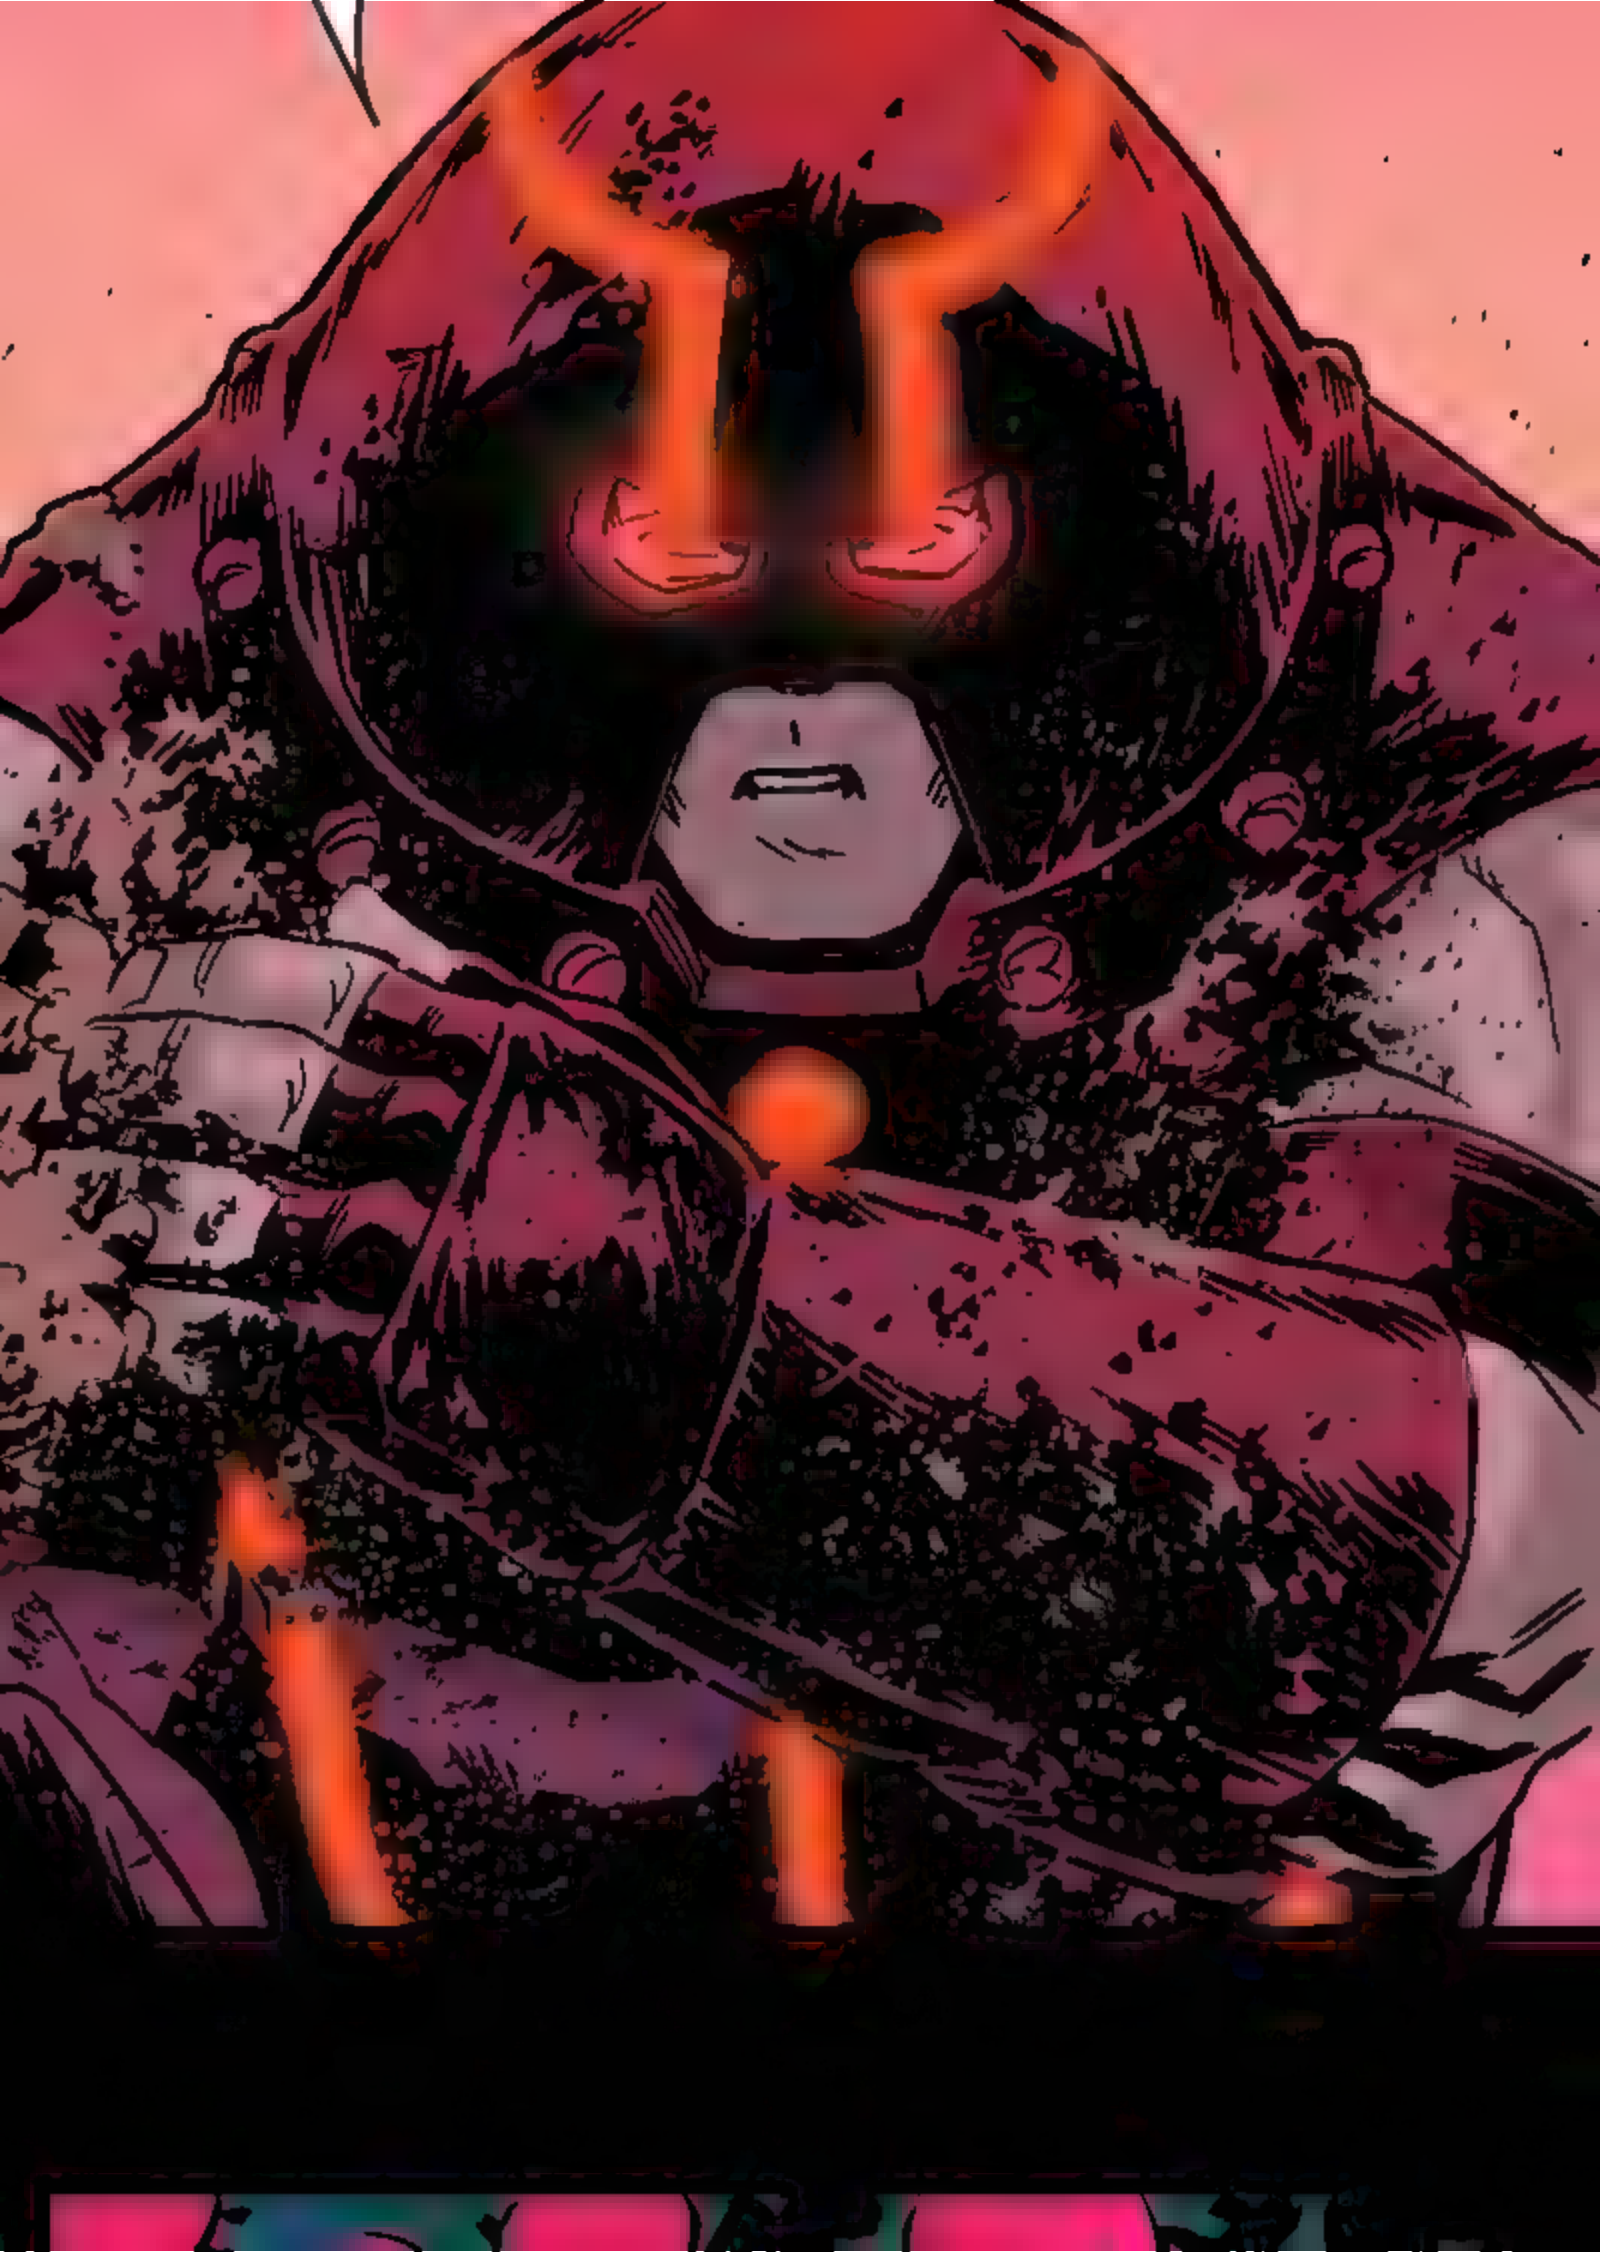
Now then, I'd like you to clearly point out where on your misbegotten landmass I can find a few *specific* residents.

Sinister.
Magneto.
And...
"...Charles Xavier."



Charles...?
Cain? Your helmet always blocked my telepathy.
New armor, new rules. My rules.
But even that might not be enough. I need your help here.

Fighting the Adaptoid is hard enough without this damn island tossing me around while it *sleepwalks*.
I am slowly connecting with the others as they sleep.



I am trying to coax Doug Ramsey to communicate with Krakoa.

It might help your cause if you didn't wantonly obliterate parts of the island.
KRAK
KRAK
KRAK

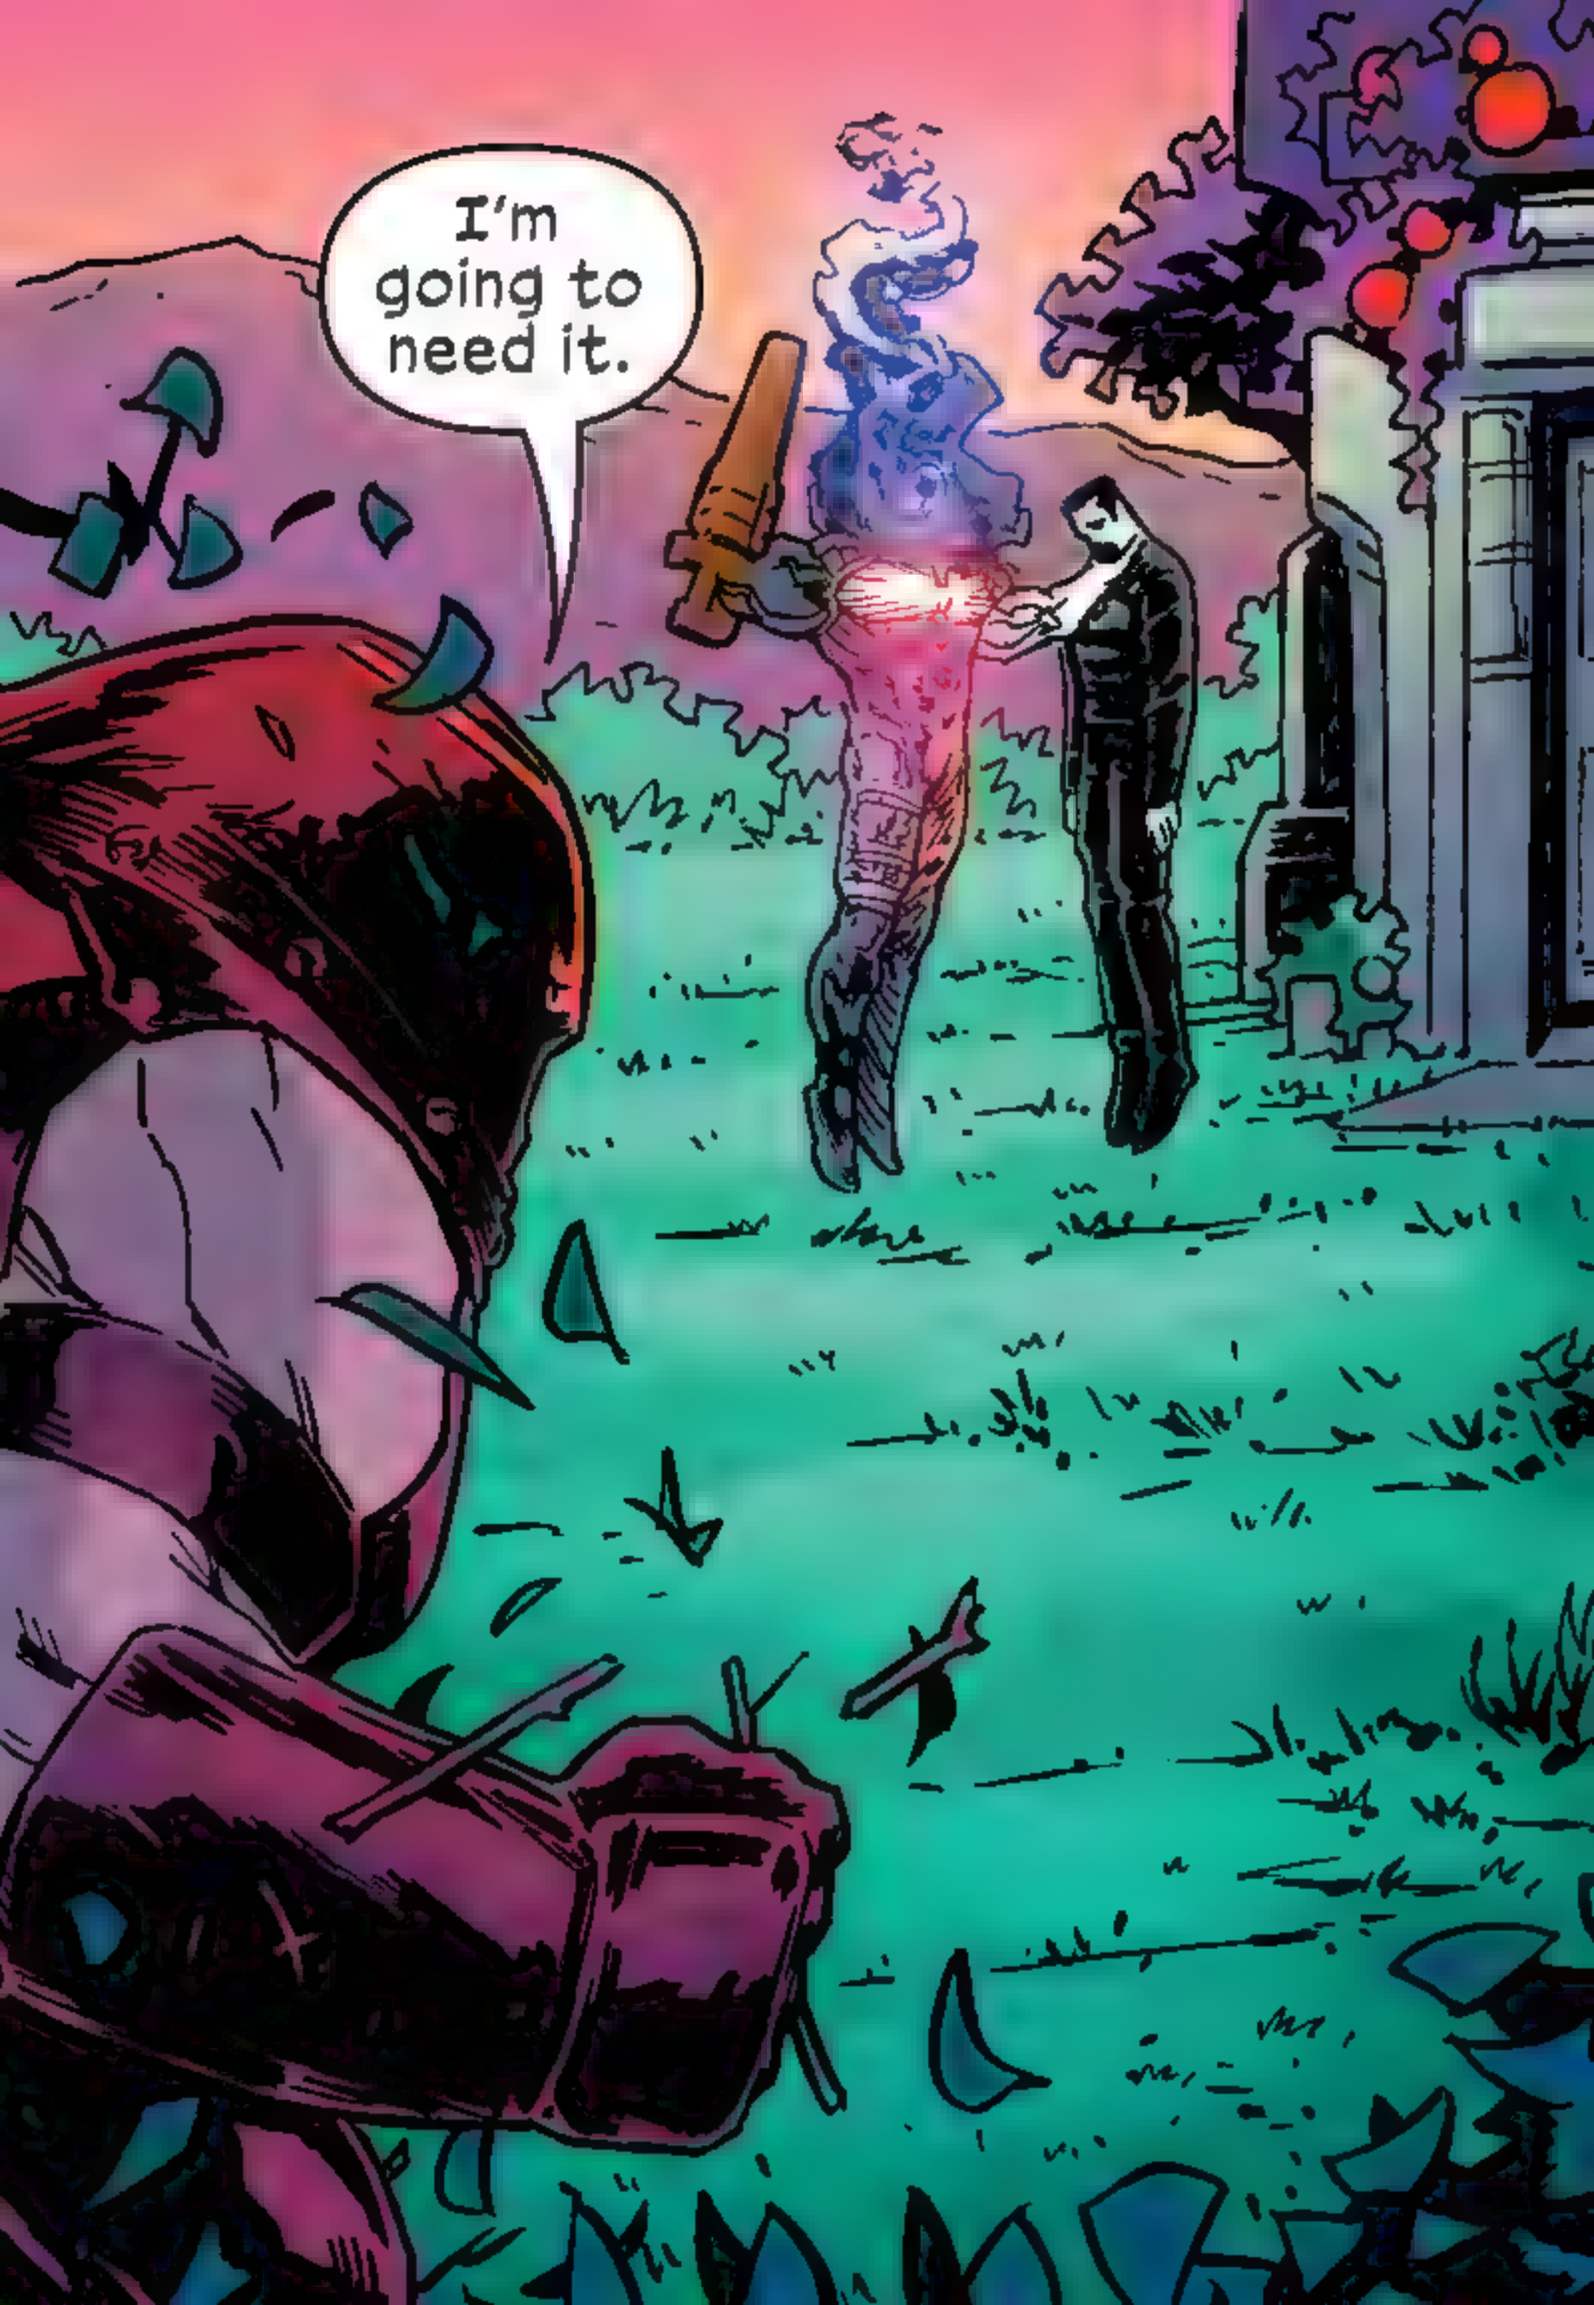
Tell Krakoa I'll stop bruising it when it stops bruising me.
KRAK
I know the pain is not physical, Cain.

Yeah...
...no kidding.
KRAK

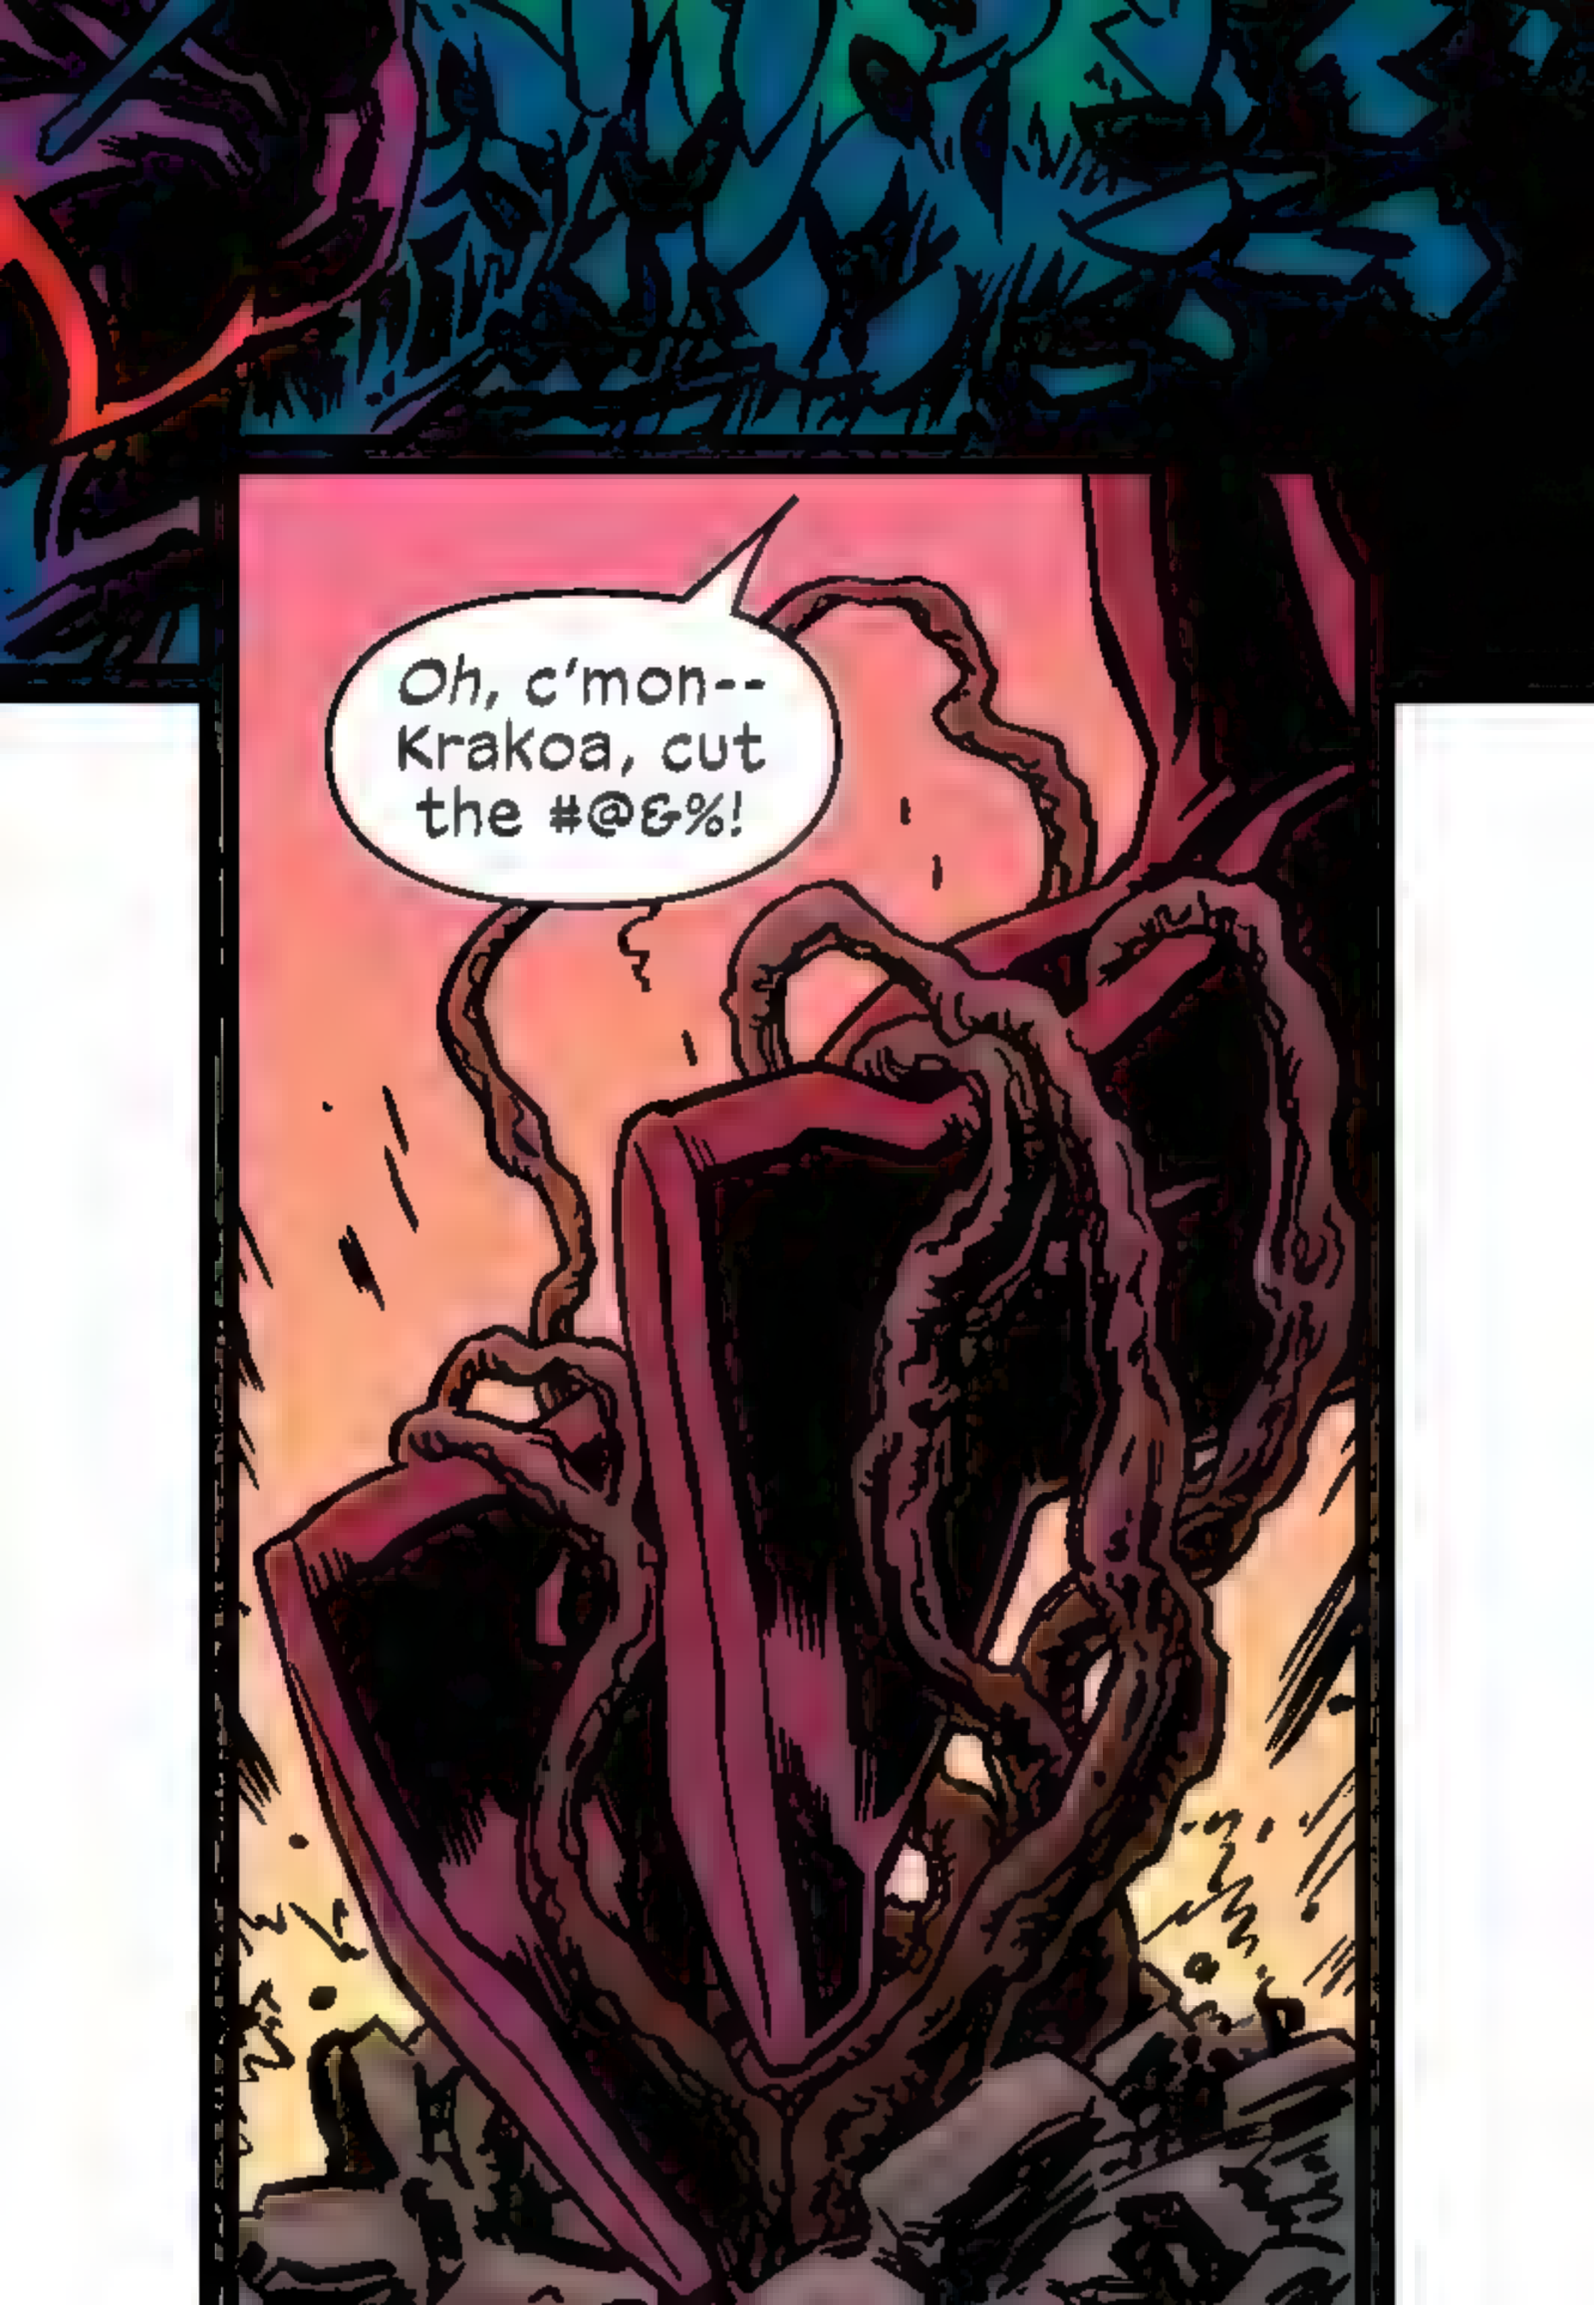
For #$%&'s sake, Charles, you let Magneto and Sinister *live here*, but not me--
--but it's on me to go save their lives! Thanks for nothing!
Cain, I--

Save it.
Focus on waking people up to help me.

KRAK



I'm going to need it.



Oh, c'mon-- Krakoa, cut the #@&%!

So, as I was saying...

...it is time for sleeping dogs to lie... permanently.

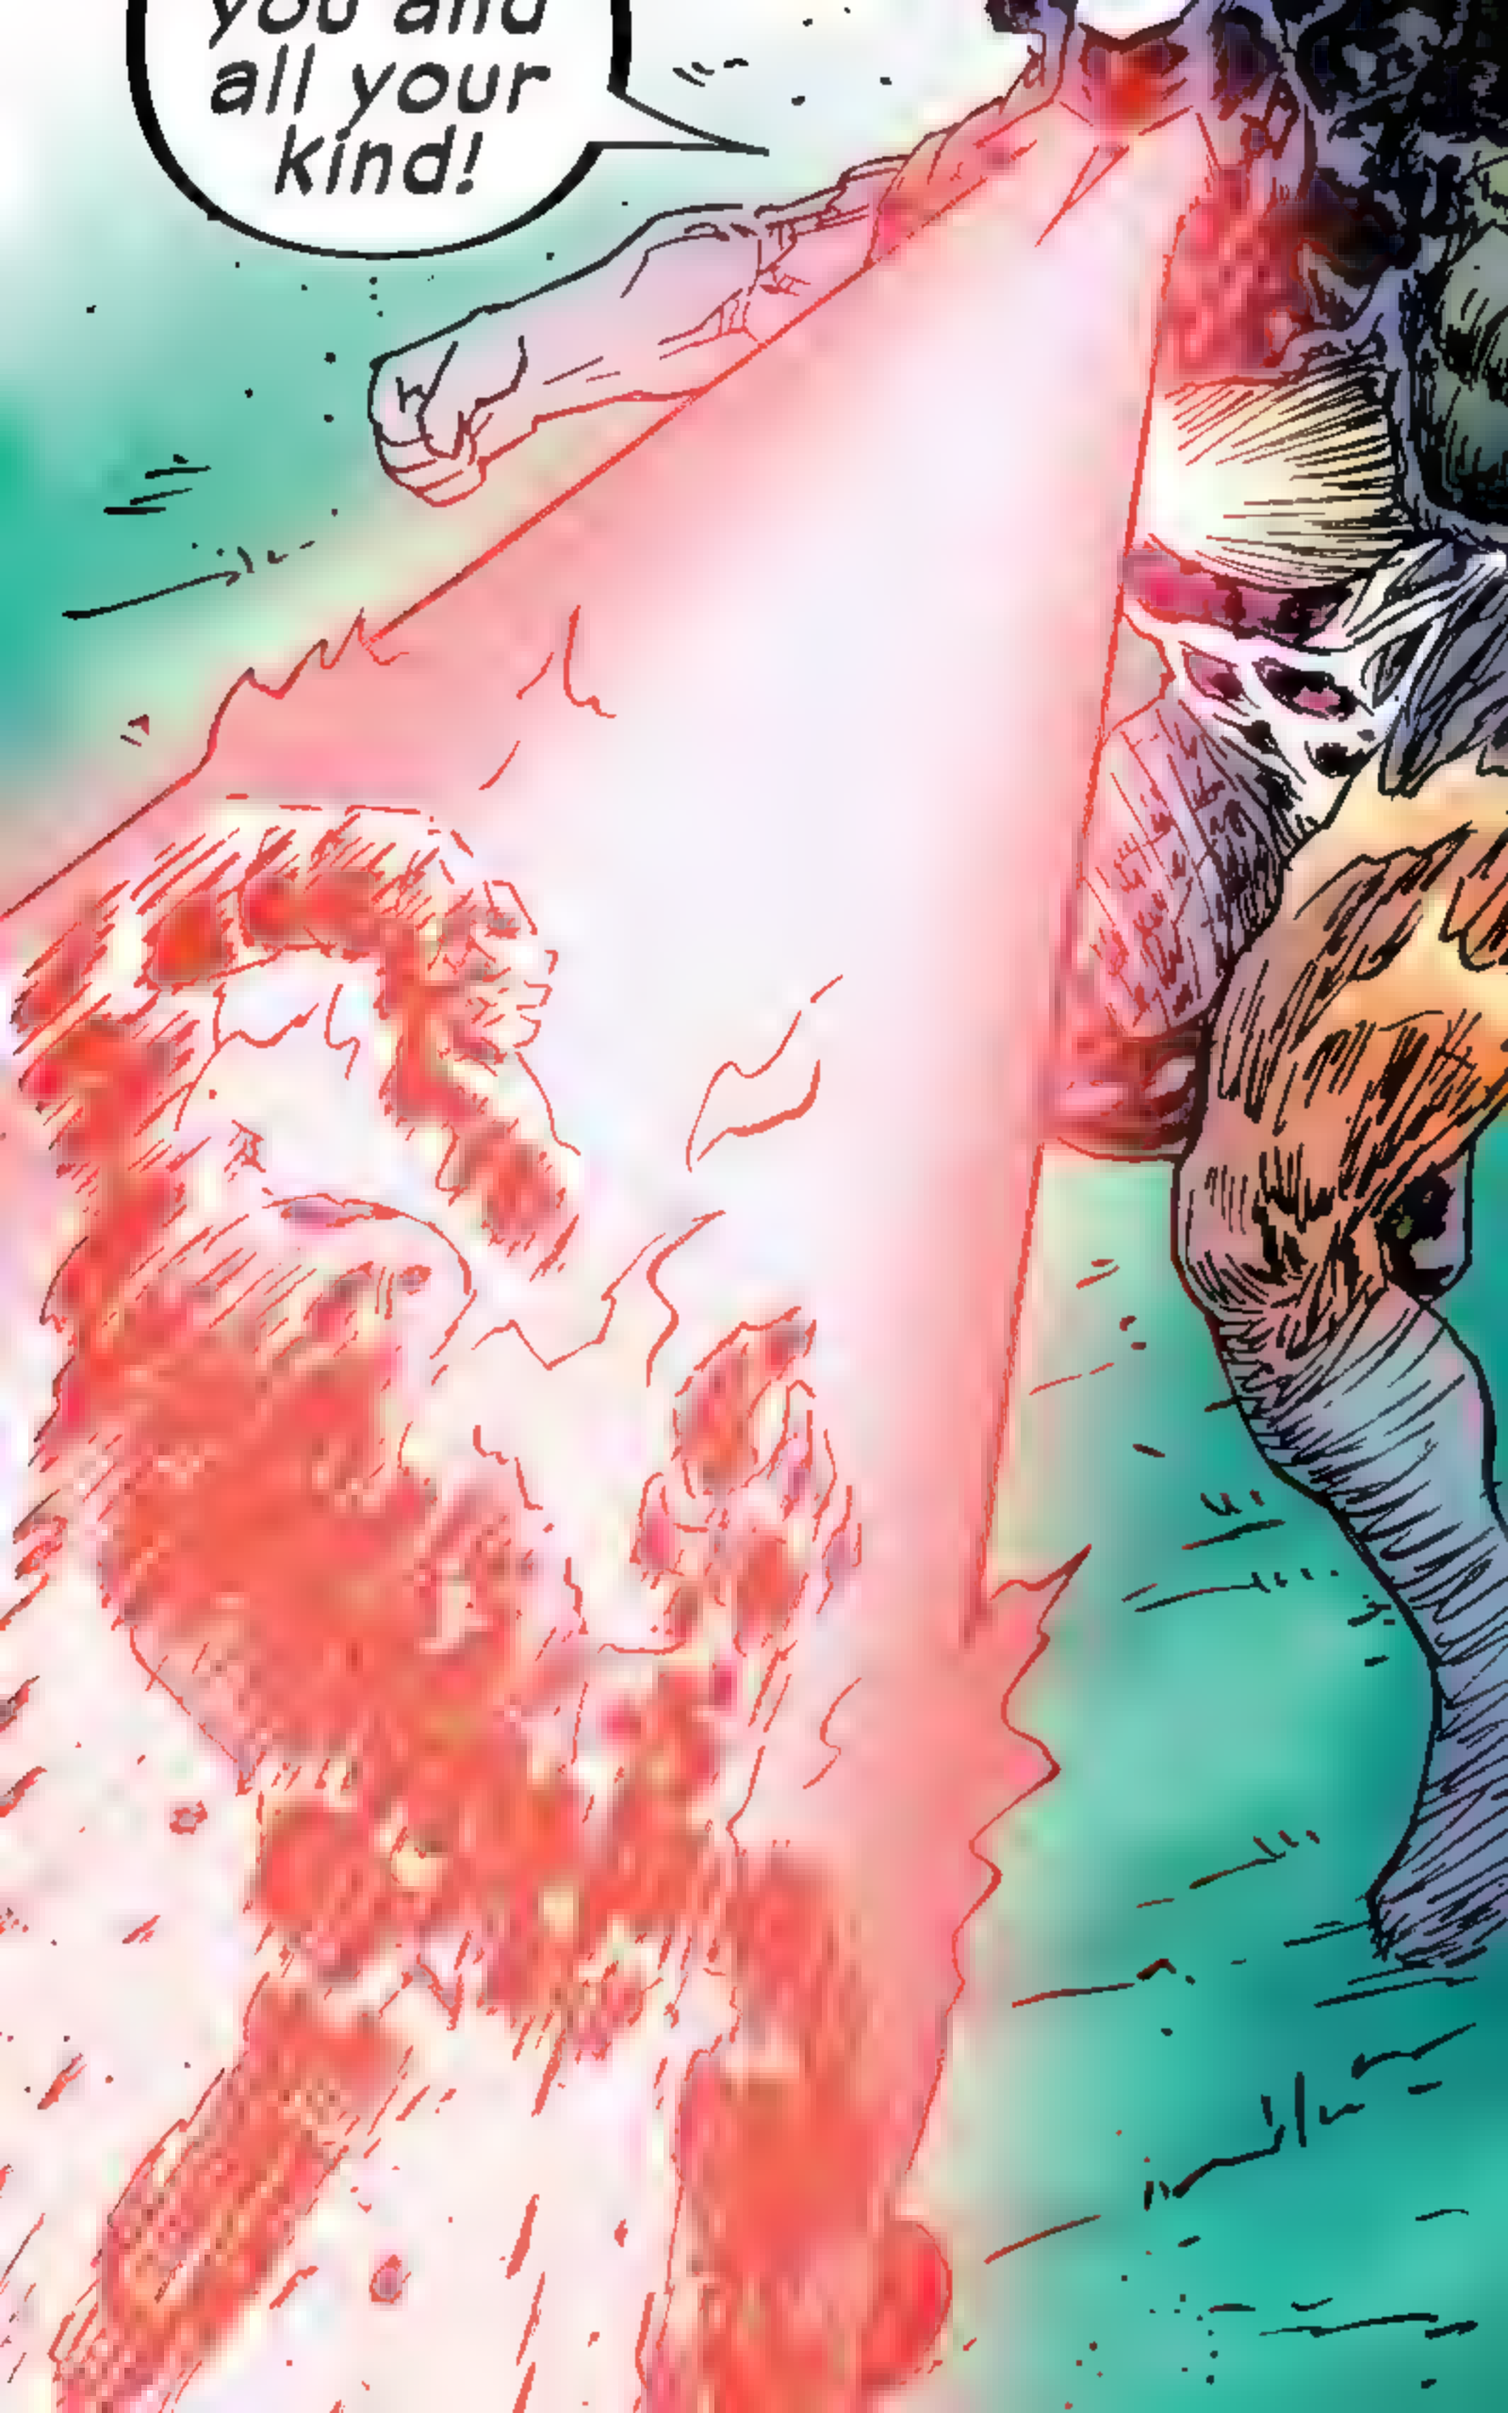
WRATH FUR

You have any idea how much it hurts to walk a mile on broken ankles and squeeze a trigger with a broken finger?

I imagine as much as this headshot does. I admit...
...I never gave consideration to how much your healing factor *hurts* to use.

The powers within me require *constant* soothing.
As the *cancer* within you does.

I will be glad to be rid of this distasteful burden.
As soon as I have rid the world...
...of



you and
all your
kind!

They kinda looked...like Cyclops's's optic blasts...
...but they were really *hot*... Tha's funny...

For someone who has so much *rot* inside and out, how the hell are you still alive?
I know... right...?
You'd think the butt pus would've exhausted my healing factor by now.

Hey, wait a minnit-- that's it!
I know how to stop the Human Hemorrhoid!

KAPOW!
What the hell was that?
